MINUTES

OF THE

CITY COUNCIL

FOR THE YEAR 1914.

Council Chamber, Kingston, Jan. 12th, 1914.

The inaugural meeting of the Council of the Corporation of the City of Kingston for the year 1914, was held in the Council Chamber at 11 o'clock a.m. today.

J. M. Farrell, Police Magistrate, administered the declaration of office to the Mayor-elect, Abraham Shaw, who then took his seat and administered the declaration of office to the Alderman-elect as follows:—

Sydenham Ward—Hugh Collamer Nickle.
Ontario Ward—Robert Edwin Kent.
St. Lawrence Ward—William John Fair.
Cataraqui Ward—John McKane Hughes,
Alexander White Richardson.
Frontenac Ward—James Stuart Richardson McCann.
Rideau Ward—Daniel Couper.
Victoria Ward—Henry Wallace Newman.

The City Clerk then called the roll, the following members being present:—

His Worship Mayor Shaw, Ald. Bews, Couper, Clugston, Fair, Graham, Gillespie, Hanley, Harrison, Hoag, Hughes, Kent, Litton, McCann, Newman, Peters, Richardson, Stroud, Sutherland, White.

Rev. Alfred Brown then opened the proceedings with prayer after which the Mayor presented his inaugural address, as follows:

Mayor's Inaugural Address.

Kingston, 12th January, 1914.

Gentlemen,—

I welcome you as members of our City Council, at this the inaugural meeting of 1914, elected as you are to carry on the business of our municipality. Under our present regime not many new faces appear amongst our gathering, but those whom we meet for the first time, I am sure, will render excellent service for the good of our city. I notice with some regret the absence of aldermen who for years have given their time and talent for the upbuilding of Kingston. Aldermen R. F. Elliott, A. E. Ross, J. J. Harty, and also the Mayor T. J. Rigney—and am pleased to find Alderman R. E. Kent and D. Couper re-elected, while Alderman J. S. R. McCann has again occupied the place vacated by him for the past couple of years.

This year a change has taken place in the management of a most important department of our work. The citizens have elected a Public Utilities Commission, to whom will be relegated the control of Light, Heat, Power and Water. The city may be congratulated upon their selection of commissioners. If this departure proves successful, as I believe it will, the Council may consider it advisable to enlarge the powers by placing Works, Fire and Property under their charge. The citizens are looking forward for pure water and cheap power.

Allow me to call your attention to some features that will require our closest attention during the year, and to state that in all things the citizens should be taken into our confidence, and the searchlight of public opinion thrown upon all our transactions.

Financial:—We are face to face with the fact that our debenture debt has been growing very rapidly. Bonds issued during 1913, amounted to $166,130.59. This will entail an annual expenditure of $14,000.00, of which $8,000.00 must be provided for by taxation. While debentures now authorized to be issued amount to about $138,000.00, embracing Collegiate Institute, Light and Local Improvements. Further, the estimated expenditure for the past few years has been increased by about $13,000.00 per annum, and at present it seems impossible to curtail the expenditure, owing to progress made in our streets, together with the opening of new portions of our city. If the issuing of new debentures can be avoided or minimized, in ten years eighteen of our debenture debts will be cancelled, amounting to $372,000.00. Yet, while guarding our finances we must not cease to add to the attractiveness of our city.

Paving our Streets:—All classes of our citizens desire the streets paved. The Board of Works will find it necessary to consider a class of pavement for residential portions of our city, while

the Council should at once decide upon the class of paving on the streets along which the Street Ry. runs, so that this work may be completed before the tourist season begins. Also the breakwater on King street should be rebuilt, in such a manner that the storms from the lake would not destroy it, thereby helping to make that portion of our city more attractive.

The progress of our city will stimulate further interest in manufacturing centres, and as the Board of Trade and the City Council have united in this work of inducing factories to locate in our city, it would be well for the chairman of our Industrial Committee to preside over the Union Committee, also to remember that while our city has all the advantages of cheap transportation, it should not be considered necessary to bonus factories to come here. Railway facilities should be provided, and if possible, the Public Utilities Commission should provide cheap power from some company.

The Board of Education of the City is making large claims upon our finances in order to provide proper accommodation for the youth of our city, that they may be fitted for the higher education that can be imparted through Queen's University and the Royal Military College.

The Council has placed on record that nine hours should constitute a work day. It is to be hoped that the working committees will endeavor to see that such is carried out.

Further efforts should be put forth in order to have the Grand Trunk Railway bring their line into the city. Already we have a communication from the General Manager, endorsing the plan submitted by your committee of Industries in 1912, and such should be considered in the near future.

The personnel of the Council inspires the hope that faithfulness will be the characteristic of every member of the Council, that the year will be one of progress and stability in every department of our work.

Submitted,

A. SHAW, Mayor.

1. Section 55 of By-law No. 28, Revised By-laws of the City of Kingston as amended by By-laws No. 29, 1909, No. 45, 1913, and No. 73, 1913, is hereby repealed and the following substituted therefor:—

55. No person shall erect or maintain on any building or vacant lot any awning, balcony, porch, verandah, sign, sign-post, hanging or swinging sign or other advertising device which shall in any way extend over any street or sidewalk, without a written permit from the City Engineer; and no such permit shall be granted unless a plan of such awning, balcony, porch, verandah, sign, sign-post, hanging or swinging sign or other advertising device and the location of the same shall first have been submitted to and approved of by the Board of Works and Council upon the report of the City Engineer and the Chief of the Fire Department; but the said Engineer and Chief shall not report recommending any such hanging or swinging sign, unless and until the person desiring the permission to erect or maintain the same over the street or sidewalk has entered into a bond in the penal sum of Five Hundred dollars, to indemnify the Corporation against any loss or damage which might be sustained by reason of such hanging or swinging sign; PROVIDED that when any such sign is lower than a point eleven feet above the ground it shall not project more than eight inches beyond the street line, and when such sign is higher than the said point it shall not extend more than three feet over the street line.

This By-law shall come in force and take effect on its passing.

Moved by Ald. Hoag that this By-law be not read a second time, but referred to the Board of Works for further consideration, and that the Committee report progress.—Carried.

Ald. Peters presented By-law No. 8, 1914. The By-law was read a first time, and the 31st rule being suspended by two-thirds vote, a second and third time, the second being in committee of the whole, Ald. Litton in the chair, and was signed and sealed as follows:

BY-LAW No. 8, 1914.

A By-law to acquire lands for the widening of Thomas street in the City of Kingston.

Passed January 19th, 1914.

WHEREAS it is expedient to widen a part of Thomas street

to 66 feet (the present width of said part being 40 feet), said part being from the easterly limit of said street as originally laid out to a distance easterly of 160 feet.

AND WHEREAS notice of the intention to widen said street has been published as by law required.

AND WHEREAS for the said purpose it is necessary to acquire the lands hereinafter described.

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston as follows:

1. That the lands hereinafter described be and the same are hereby expropriated and taken for the purpose of widening Thomas street and are declared to form part of Thomas street, said lands being composed of ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the City of Kingston in the County of Frontenac and Province of Ontario, composed of part of Farm Lot Number One (1) in the Concession West of the Great Cataraqui River, in the Township of Kingston, formerly, but now in said City, said parcel hereby intended to be conveyed being butted and bounded as follows, that is to say:

Commencing at a point in the North-east corner of the Brophy Tract, now the Kingston Realties' sub-division; thence Westerly along the Northerly limit of the said Brophy Tract 90 feet more or less to the Easterly limit of Thomas street as originally laid out; thence Southerly along the Southerly production of the Easterly limit of Thomas street as originally laid out 26 feet to a point; thence Easterly parallel to the Northerly limit of the Brophy tract 90 feet more or less to the Easterly limit of the said Brophy tract; thence Northerly along the Easterly limit of said Brophy tract 26 feet to the place of beginning.

This By-law shall come in force and take effect on its passing.

(Signed),

2. This By-law shall come in force and take effect on its passing.

(Signed),

W. W. SANDS, City Clerk. A. SHAW, Mayor [L.S.]

MOTIONS.

Moved by Ald. Sutherland, seconded by Ald. Litton, (7) in order to prevent disturbing our roadways, either block or macadam, and to beautify our streets by removing all poles and wires, and also to enable garbage and other house refuge to be collected in the rear, that the City Solicitor be instructed to prepare a by-law to the effect that in opening up new sections of the city or where it is possible and advisable in any section already opened up, that a laneway be run up the centre of each block and in this laneway all drains, water mains, gas mains, telephone and other wires, and anything of a nature which might require to be installed, be laid also where it is necessary for wires, etc., to cross a street that they be laid underground in conduits, and further that the City Engineer notify the Commissioners of any proposed installation or renewal of drains where water and gas mains are not already laid, as soon as any installation or renewal of drains have been decided upon, thus enabling the three services to be laid at the same time, thereby reducing cost and inconvenience, and as soon as these services are completed that the necessary revenue be charged proportionately against the properties so benefited.

Referred to Board of Works and Public Utilities.

Moved by Ald. Sutherland, seconded by Ald. Stroud, (8) in order to beautify the appearance of our streets that a building line be adopted, and that the City Engineer be instructed to look into the matter and report at next meeting of Council what he would advise as a suitable building line in the older as well as the newer and proposed extension of the City, and upon receipt of his report and the adoption of a building line that the City Solicitor be instructed to draw up a By-law to that effect.

Referred to Board of Works.

Moved by Ald. Sutherland, seconded by Ald. Nickle, (9) in order to prevent the erection of buildings, etc., which might interfere with the future extension of our streets and building line (when one is adopted) that the City Engineer be instructed to draw up a plan showing all streets which may in the future need to be extended, marking on said map the proposed extensions, and also if it is in his power that the City Engineer be instructed not to issue any permits for buildings which may interfere with the proposed extension of these streets and building lines. Should the refusal of said permits not be in his power then when application is made for building permits that the City Engineer be instructed to show the applicants this may in order that when erecting buildings they may conform their building to the proposed extension of streets and building lines; and should applicant not wish to conform his building operations to conform with said extensions of streets and building lines that the City Engineer not issue the permit, but report same to Council who would then take the necessary steps to acquire the land necessary for the extension of said street, and further that steps be taken as speedily as possible to acquire the land necessary for the extension of these streets.

Referred to Board of Works.

Moved by Ald. Sutherland, seconded by Ald. Gillespie, (10) in order to better provide for the growth of our city and the future planning of streets, schools, parks, playgrounds, etc., that application be made through the proper channels for the extension of the City Limits as follows, and as shown on attached map:—That the present Western City Limits be continued in a straight line Northerly till it meets the first concession road to the North of St. Mary's Cemetery, thence Easterly along the Southern side of said concession road to a point immediately opposite the North-western corner of aforementioned Cemetery, thence turning and running Southerly in a straight line till it meets the North-west corner of said Cemetery, thence conforming itself to the Western and Southern boundaries of said Cemetery till it intersects the Eastern side of Division street, thence northerly along the Eastern side of Division street till it meets the first Concession Road lying to the North of where the Kingston & Pembroke Railway crosses said street, thence easterly along the Southern side of said concession road to the Great Cataraqui River, and also take up through our Member with the Federal Government the question of acquiring the Western shore of what is now known as Barriefield Common, beginning at the point where the Northern side of the Causeway now under construction intersects the present City Limits, thence Easterly

along the Northern side of the main road leading from said Causeway known as the Gananoque road to a point immediately opposite the extreme Northern end of Navy Bay, or some other point which may be decided upon later, thence due North to the water front or some other point to be decided later on, thence Westerly along the shore line till it reaches the present City Limits.

Referred to City Property and Markets.

Moved by Ald. Sutherland, seconded by Ald. Stroud, (11) that in future the different Standing Committees meet the week before each regular meeting of Council as follows:—

Tuesday—Board of Works, 4 p.m.

Kingston, Feb. 26th, 1914.

To the Mayor and Council of the City of Kingston:—

Gentlemen,—The Committee on Fire and Light begs leave to report and recommend as follows:

1. That the salary of the Engineer of this department be fifteen cents per day over the rate of a fireman of the same year and length of service, and that he be required to do additional duty as a fireman, under instructions from the Chief, and that the present engineer be given the option of continuing as engineer only at his present salary, or accepting the additional duties of fireman with the additional pay as mentioned above.

2. That on the recommendation of the Chief one man be given entire charge of the horses at No. 2 station, and be held responsible by the Chief and Veterinary Surgeon for their proper care, feeding and exercise, also the condition of the stable, and be allowed the sum of ten cents per day additional for performing this duty.

3. That the present By-law re the storing of explosives be amended so as to place the responsibility upon the Chief of the Fire Department, instead of the Chief of Police, for the observance of the By-law.

Respectfully submitted,

(Signed) R. D. SUTHERLAND,
W. ALAN STROUD,
HUGH C. NICKLE,
GEO. H. GILLESPIE,
WM. R. CLUGSTON,

Moved by Ald. Sutherland, seconded by Ald. Stroud, (6) that the report of the Committee on Fire and Light be received and adopted.

Moved in amendment by Ald. Graham, seconded by Ald. Clugston, that Clause one be struck out and that the salary of the engineer be raised to $800.00 per year.

The amendment was lost on the following division:—

The original motion was then carried.

City Property and Markets.

Kingston, Feb. 25th, 1914.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Committee on City Property and Markets begs leave to report and recommend as follows:

1. That the City Solicitor be instructed to make application to the Ontario Legislature to pass a special Act to validate a By-law to be passed by this Municipality to purchase the lands from L. W. Gill and J. J. Druce as mentioned in the report of the City Property Committee, passed by Council at a meeting held Feb. 16th, 1914, less the portion marked F, making the cost $5,200 less or approximately a total of $18,000.

2. That a wharf be built at Cedar Island for the accommodation of City and tourists, at an estimated cost of $335.00, if it is legal to do so.

Respectfully submitted,

(Signed) WM. R. CLUGSTON,
Objecting to clause 1
GEO. H. GILLESPIE,
J. S. R. McCANN,
ALEX. W. RICHARSON,
W. J. B. WHITE,

Moved by Ald. Harrison, seconded by Ald. Richardson, (7) that the report of the Property Committee be considered clause by clause.

BY-LAW NO. 14, 1914.

A By-law to authorize the construction of sewers in the streets and parts of streets in the City of Kingston set out in the schedule hereto annexed as Local Improvement under the provisions of The Local Improvement Act.

Passed March 30th, 1914.

WHEREAS the Local Board of Health of this municipality has recommended the construction of the several sewers on the

streets and parts of streets as set out in the schedule hereto annexed and it is therefore necessary and desirable in the public interest, on sanitary grounds, to construct such sewers according to such recommendation as Local Improvements.

AND WHEREAS the Provincial Board of Health has approved of the construction of each of said sewers.

AND WHEREAS notice of the intention of the Council to undertake the construction of each of said sewers has been duly published.

THEREFORE, the Municipal Council of the Corporation of the City of Kingston enacts as follows:—

1. (a) That it is determined and declared, this By-law being passed by a vote of two-thirds of all the members of the Council, that it is desirable that the construction of each of the said several sewers on the streets and parts of streets set out in the schedule hereto annexed should be undertaken as a Local Improvement under the provisions of The Local Improvement Act.

(b) That as above determined and declared each of the said several sewers be constructed as a Local Improvement under the provisions of The Local Improvement Act.

2. The Engineer of the Corporation do forthwith make such plans, profiles and specifications, and furnish such information as may be necessary for the making of a contract for the executions of the works.

3. The work shall be carried on and executed under the superintendence and according to the directions and orders of such Engineer.

4. The Mayor and Clerk are authorized to cause a contract for the construction of the work to be made and entered into with some person or persons, firm, or corporation, subject to the approval of the Council to be declared by resolution.

5. The Treasurer (subject to the approval of the Council) agree with any bank or person for temporary advances of money to meet the cost of the work pending the completion of it.

6. The special assessment shall be paid by twenty annual instalments (which is within the lifetime of the work..

7. The debentures to be issued for the loan to be effected to pay for the cost of the work when completed shall bear interest at 5 per cent. per annum and be made payable within 20 years on the sinking fund plan, and in settling the sum to be raised annually to pay the debt, the rate of interest on investments shall not be estimated at more than four per cent. per annum.

8. Any person whose lot is specially assessed may commute for a payment in cash the special rates imposer thereon, by paying the portion of the cost of construction assessed upon such lot, without the interest, forthwith after the Special Assessment Roll has been certified to by the Clerk, and at any time thereafter by the payment of such sum as when invested at four per cent. per annum will provide an annuity sufficient to pay the special rates for the unexpired portion of the term as they fall due.

The amount of the Sinking Fund is $138,326.03, and of this amount $100,127.45 is invested in Local Improvement Bonds of this City, and $38,198.58 is on special deposit in the Bank of B. N. A.

The amount of Taxes to be levied for the Sinking Fund this year is $18,962.58, the property owners specially benefitted paying $8,932.76 and the City generally $10,029.82.

The Assessment for this year is $1,278,000 more than that of the preceding year, and this increase, at the proposed rate of taxation, yields an additional revenue of more than $32,500.

Owing to the fact that the Assessment of the Light Plant has been remitted for the year 1914, the above increase is $5,500 less than it would otherwise have been.

The principal items of increased Expenditure to be provided for in this year's Budget amount to $46,000, and are as follows:—

Increase in deficiency, $7,500; Debentures and Interest (General), $10,600; Schools, including interest and payment on Debenture debt, $16,000; Fire Department (4 extra men), $2,700; Police Department, $3,500; Street Lighting, $5,000; new Heating System, City Hall, $700.

The very heavy increase in our expenditure arises from various causes, among which are the following: Deficiency from last year, $11,052.00; principal and interest on $108,000.00 Debentures issued last year for Board of Education, and 8,500.00 increase in their budgets for maintenance, salary, etc., for this year.

Your Committee recommend that a rate of 16.60 mills for general purposes and 8.40 for educational purposes, making in all 25 mills on the dollar, be placed on this year's Assessment.

2. That the following settlement be made re the construction of the asphalt pavement by the Concrete Constructions Co.,—

1st. That the Concrete Constructions give to the Corporation of the City of Kingston a bond for $2,500 from the Guarantee Co. as a guarantee covering the period in which the Company guaranteed the pavement, May 30th, 1917.

2nd. That the Corporation return to Concrete Constructions the amount of monies due them, now held by the Corporation.

3rd. That the Concrete Constructions be not called upon to pay the amount covered by the Penalty Clause for the time which was exceeded further than the time limit in the Contract, provided that the interest due Concrete Constructions begins to take effect on the 30th day of May, 1912.

4th. The above arrangement to come in force and take effect from the time the bond above named is deposited with the Corporation.

3. That the sum of fifteen dollars ($15.00) be accepted from the Buffalo Steam Roller Co., in lieu of certain pipe which was to be furnished by the above named Company, and that this amount be deducted from their account and the balance remitted to them.

4. That on the recommendation of the Local Board of Health to appoint a Plumbing Inspector in place and stead of the present one, that as no provision has been made in the Budget for the payment of the salary of another official, that the request be not granted.

5. That on the resolution of the Local Board of Health recommending the appointment of a Sanitary Inspector, that as no provision has been made in the Budget for the payment of the salary of such officer, that N. Timmerman, Police Constable, be appointed to carry out the duties of Sanitary Inspector as outlined in the letter of the Medical Health Officer to Council; that he still retain his position on the Police Force as at the present time, and that the Police Commissioners be asked to co-operate in order to carry this arrangement into effect.

6. On the application of James Gowdy, to remove a tree at 160 Sydenham St., that it be referred to the City Engineer with power to act.

7. That authority be given this Committee to call for tenders for street sweepers.

8. That whereas the citizens living in the vicinity of the dump ground are greatly annoyed by a nuisance caused by smoke from a smouldering fire, that the Commission on Public Utilities be requested to make arrangements so as to afford a water supply to keep the fire extinguished in the said dump ground.

BY-LAWS.

Ald. Litton presented By-law No. 20, 1914. The By-law was read a first time, and, the 31st rule being suspended by two-thirds vote, a second and third time, the second being in committee of the whole, Ald. Bews in the chair, and signed and sealed as follows:—

BY-LAW NO. 20, 1914.

A By-law to authorize the construction of concrete walks in the streets and parts of streets in the City of Kingston set out in the schedule hereto annexed as Local Improvements under the provisions of the Local Improvement Act.

Passed April 27th, 1914.

Whereas it is expedient that the construction of the concrete walks on the streets and parts of streets set out in the schedule hereto annexed shall be undertaken as Local Improvements, and notice of the intention of the Council to undertake such works has been duly published.

Therefore, the Municipal Council of the Corporation of the City of Kingston enacts as follows:

1. (a). That it is determined and declared, this By-law being passed a vote of two-thirds of all the members of the Council, that it is desirable that the construction of each of the said concrete walks in the streets and parts of streets set out in the schedule hereto annexed should be undertaken as a Local Improvement under the provisions of the Local Improvement Act.

1. (b). That, as above determined and declared, each of the said concrete walks be constructed as a Local Improvement under the provisions of the Local Improvement Act.

2. The Engineer of the Corporation do forthwith make such plans, profiles and specifications, and furnish such information as may be necessary for the making of a contract for the execution of the works.

3. The work shall be carried on and executed under the superintendence and according to the directions and orders of such Engineer.

4. The Mayor and Clerk are authorized to cause a contract for the construction of the work to be made and entered into with some person or persons, firm or Corporation, subject to the approval of this Council to be declared by resolution.

5. The Treasurer may (subject to the approval of the Council) agree with any bank or person for temporary advances of money to meet the cost of the work pending the completion of it.

6. The Special Assessment shall be paid by twenty annual instalments (which is within the lifetime of the work).

7. The debentures to be issued for the loan to be affected to pay for the cost of the work, when completed, shall bear interest at five per cent. per annum and be made payable within twenty years on the sinking fund plan, and in settling the sum to be raised annually to pay the debt the rate of interest on investment shall not be estimated at more than four per cent. per annum.

8. Any person whose lot is specially assessed may commute for a payment in cash the special rates imposed thereon by paying the portion of the cost of construction assessed upon such lot, without the interest, forthwith after the Special Assessment Roll has been certified by the Clerk, and at any time thereafter by the payment of such sum as when invested at four per cent. per annum will provide an annuity sufficient to pay the special rates for the unexpired portion of the term as they fall due.

This By-law shall come in force and take effect on its passing.

Ald. Hughes presented By-law No. 21, 1914. The By-law was read a first time and, the 31st rule being suspended by two-thirds vote, a second and third time, the second being in committee of the whole, Ald. Couper in the chair, and was signed and sealed as follows:—

BY-LAW NO. 21, 1914.

A By-law to authorize the construction of sewers in the streets and parts of streets in the City of Kingston, set out in the schedule hereto annexed as Local Improvements under the provisions of the Local Improvement Act.

Passed April 27th, 1914.

Whereas the Local Board of Health of this Municipality has recommended the construction of the several sewers on the streets and parts of streets as set out in the schedule hereto annexed, and it is therefore necessary and desirable in the public interest, on sanitary grounds, to construct such sewers according to such recommendation as Local Improvements.

And, whereas the Provincial Board of Health has approved of the construction of each of said sewers.

And, whereas the notice of the intention of the Council to undertake the construction of each of said sewers has been duly published.

Therefore, the Municipal Council of the Corporation of the City of Kingston enacts as follows:

1. (a). That it is determined and declared, this By-law being passed by a vote of two-thirds of all the members of the Council, that it is desirable that the construction of each of the said several sewers on the streets, and parts of streets, set out in the schedule hereto annexed should be undertaken as a Local Improvement under the provisions of the Local Improvement Act.

1. (b). That, as above determined and declared, each of the said several sewers be constructed as a Local Improvement under the provisions of the Local Improvement Act.

2. The Engineer of the Corporation do forthwith make such plans, profiles and specifications and furnish such information as may be necessary for the making of a contract for the execution of the works.

3. The work shall be carried on and executed under the superintendence and according to the directions and orders of such Engineer.

4. The Mayor and Clerk are authorized to cause a contract for the construction of the work to be made and entered into with some person or persons, firm or corporation, subject to the approval of this Council to be declared by resolution.

5. The Treasurer may (subject to the approval of the Council) agree with any bank or person for temporary advances of money to meet the cost of the work pending the completion of it.

Ald. Couper presented By-law No. 22, 1914. The By-law was read a first time and, the 31st rule being suspended by two-thirds vote, a second and third time, the second being in committee of the whole, Ald. Clugston in the chair, and was signed and sealed as follows:—

BY-LAW NO. 22, 1914.

A By-law to authorize the construction of Permanent Pavements, constructed in part of asphalt and in part of Nepean sandstone, all on a concrete base, in the streets and part of streets set out in the schedule hereto annexed as Local Improvments under the provisions of the Local Improvement Act.

Passed April 27th, 1914.

Whereas it is expedient that the construction of the permanent pavements on the streets and parts of streets set out in the schedule hereto annexed shall be undertaken as Local Improvements, and notice of the intention of the Council to undertake such work has been duly published;

Therefore, the Municipal Council of the Corporation of the City of Kingston enacts as follows:

1. (a). That it is determined and declared, this By-law being passed by a vote of two-thirds of all the members of the Council, that it is desirable that the construction of each of the said permanent pavements in the streets and parts of streets set out in the schedule hereto annexed should be undertaken as a Local Improvement under the provisions of the Local Improvement Act.

1. (b). That, as above determined and declared, each of the said permanent pavements be constructed as a Local Improvement under the provisions of the Local Improvement Act.

2. The Engineer of the Corporation do forthwith make such plans, profiles and specifications, and furnish such information, as may be necessary for the making of a contract for the execution of the works.

3. The work shall be carried on and executed under the superintendence and according to the directions and orders of such Engineer.

4. The Mayor and Clerk are authorized tc cause a contract for the construction of the work to be made and entered into with some person or persons, firm or Corporation, subject to the approval of this Council to be declared by resolutoin.

5. The Treasurer may (subject to the approval of the Council) agree with any bank or person for temporary advances of money to meet the cost of the work pending the completion of it.

6. The special assessment shall be paid by twenty annual instalments (which is within the lifetime of the work).

7. The debentures to be issued for the loan to be effected to pay for the cost of the work, when completed, shall bear interest at five per cent. per annum and be made payable within twenty years on the sinking fund plan, and in settling the sum to be raised annually to pay the debt the rate of interest on investments shall not be estimated at more than four per cent. per annum.

8. Any person whose lot is specially assessed may commute for a payment in cash the special rates imposed thereonby paying the portion of the cost of construction assessed upon such lot, without the interest, forthwith after the Special Assessment Roll has been certified by the Clerk, and at any time thereafter by the payment of such sum as when invested at four per cent. per annum will provide an annuity sufficient to pay the special rates for the unexpired portion of the term as they fall due.

This By-law shall come in force and take effect on its passing.

(Signed),

W. W. SANDS, City Clerk. A. SHAW, Mayor [L.S.]

The By-law was carried on the following division:—

Yeas.—Mayor Shaw, Ald. Bews, Couper, Clugston, Graham, Harrison, Hughes, Hoag, Kent, Litton, McCann, Newman, O'Connor, Peters, Richardson Stroud, Sutherland, White. (8).

SCHEDULE.

King Street, from North side of Brock to North side of Princess; Princess Street, from West side of King to West side of Clergy—Estimated cost of total improvement, $46,370.00; portion of the estimated cost to be borne by the Municipality, $24,884.62; estimated special rate per foot frontage, $9.40; number of annual instalments by which the special assessment is to be payable, 10.

To His Worship the Mayor and Council of the Corporation of the City of Kingston:

Gentlemen,—I beg leave to report upon the following work proposed to be constructed by the Corporation of the City of Kingston as a Local Improvement Work, to wit: a Permanent Pavement in a part of King Street between Brock Street and Princess Street,

and Princess Street between King Street and Clergy Street, Nepean Sand Stone in track allowance and Asphalt for balance of the road, in the said City of Kingston.

First—The estimated lifetime of the work is ten (10) years.

Second—The reductions to be made in respect to corner lots and triangular or irregularly shaped lots situated at the junction or intersection of streets, and in respect of lots for any reason wholly or in part unfit for building purposes, are as set out in Column No. 4 of the Schedule hereinafter set out.

Third—The estimated cost of the work is $46,370.20.

Fourth—The share or proportion of the cost to be borne by the land abutting directly on the work is $21,485.58, and the share or proportion of the Corporation is $24,884.62.

Fifth—The special assessment in respect of the said work should should be made payable in ten (10) years.

Respectfully submitted,

R. J. McCLELLAND,
City Engineer.

Kingston, Ont., April 27th, 1913.

REPORTS.

Finance and Accounts.

Ald. Kent presented report No. 30(a) from the Committee on Finance and Accounts as follows:—

Committee Room, Kingston, May 8th, 1914.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Committee on Finance and Accounts begs leave to report and recommend as follows:

1. That the account of McKelvey & Birch, amounting to $1,270.96, and that of Power & Son, $272.25, Architect's fees, be-

ing balances in connection with the heating contract, City Buildings, be paid. The above account of McKelvey & Birch contains the sum of $379.46 for extras. This makes the total account $344.06 more than the $12,000 which was named in the By-law submitted, and was not authorized by last year's Council and is not provided for in this year's budget.

2. That the request of Major Gillespie and that of the Ladies' Auxiliary of the Hotel Dieu for rebate rental of City Hall, be granted on the usual terms.

3. That one hundred copies of the Auditor's Report as per tender of the Standard Pub. Co., be printed.

4. That the Police Department be requested to enforce By-law No. 168 of the Consolidated By-laws re Children on Streets at Night.

5. That the Mayor attend the International City Planning Congress under the auspices of the Commission of Conservation to be held in Toronto, May 25th, 26th and 27th, and that he select subjects for illustration, &c., such as he desires, cost not to exceed $60.00.

6. That the following accounts be paid:—

T. F. HARRISON,

Ald. Kent presented report No. 30(b) from the Committee on Finance and Accounts as follows:—

Kingston, May 11th, 1914.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Committee on Finance and Accounts begs leave to report and recommend as follows:

1. That the account of Concrete Constructions amounting to $2,246.27 be paid, this being the amount due the Company after deducting 5 per cent, namely $960.00, which is to be held until the end of the period covered by the maintenance bond. Funds were provided in the Budget to take care of this account.

Respectfully submitted,

(Signed) A. SHAW, Mayor, Chairman,
JOHN W. LITTON,
R. E. KENT,
T. F. HARRISON,
FRANK J. HOAG,
R. D. SUTHERLAND,

Moved by Ald. Kent, seconded by Ald. Litton (5) that reports No. 30(a) and 30(b) of the Committee on Finance and Accounts be received and adopted.—Carried.

Board of Works.

Ald. Litton presented report No. 31 from the Board of Works as follows:—

Committee Room, Kingston, May 8th, 1914.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Board of Works begs leave to report and recommend as follows:

1. That on the recommendation of the City Engineer that the request of Fred R. Bailey to construct a boulevard and plant trees in front of his property at 914 Princess St., be granted.

2. That the offer of Monk and Roddy to purchase No Name street and to surrender to the City when quarried out the continuation of St. Catharine St., be not accepted.

3. That whereas some difference of opinion exists between the Street Railway and this Corporation regarding the specifications and construction of permanent pavement in the track allowance on Princess and King streets between Clergy and King St.,

that the matter be referred in accordance with the agreement to W. F. Graves, Chief Engineer Montreal Tramways Company.

4. That the report of W. F. Graves, Chief Engineer Montreal Tramways Co., re the plans and specifications and construction of permanent pavement in the track allowance on Princess St. between Clergy St. and King St. be received and adopted; the report is as follows:—

May 2nd, 1914.

Ald. J. W. Litton, Chairman Board of Works.

Mr. H. C. Nickle, Supt. Street Railway.

Gentlemen,—In compliance with your request and after going over the specifications and the situation on Princess Street, I would call your attention to the following points and give you certain recommendations in connection therewith:—

1. Excavations.

The excavations for service connections now going on every 20 or 25 feet on Princess street, present one of the most serious difficulties in securing a good foundation under the proposed permanent paving. In considering the character of the soil in which these current excavations are being made, and considering the fact that the Utilities Commission have found it necessary in each instance to excavate under the sidewalks, which latter excavation will be very difficult to backfill without breaking down the concrete sidewalks, considering the difficulties in ramming such an excavation, I would recommend that a masonry or concrete wall be built under the edge of the sidewalk at the curb line and allowed to set for several days. After this has been done and the excavation under the sidewalk has been filled and tamped back as much as possible at the same time, the remainder of the trench under the roadway space should be filled about half full of water and the back filling done with the soil which has been taken originally from the excavation and a cart load or two of reasonably clean sand, which will insure the filling of all voids. The holes from which the poles have been removed on the curb line should be treated in the same manner, or in the event it is found practicable to cut the poles down at once they should be cut off at least 12 inches below the sub grade of the paving and when the street is being concreted this additional 12 inches filled with concrete.

After the Contractor has made the excavation for the paving and its foundation which I believe is approximately 9 inches below the finished grade, the use of the two steam rollers as suggested by Mr. McClelland, is very important.

The sub grade when thus exposed should be well and thoroughly rolled, and no doubt this rolling will develop some soft spots over the excavations above noted, due to the fact that they are retaining more or less of the moisture. As the soft spots develop it might be well to remove the first 12 inches of the back filled material in these excavations and replace it with clean stone or sand which under exposure to the atmosphere for a day or so, and again rolled will make, in my opinion, a permanent back filled trench. The steam roller will also develop soft spots over improperly filled excavations, which have been made prior to this spring, some of which have no doubt been back filled with frozen material. These soft spots as developed should be treated in the same manner as above. The concrete curb wall suggested for the current excavations should also be installed at the old ones of such depth as in the judgment of the City Engineer may be necessary.

In regard to the proposed excavation for the conduit lines of the Bell Telephone Company, I am advised that the depth of the conduits below the sub grade of the paving will probably not be over 10 to 12 inches. An excavation of this small depth can be readily taken care of by moist earth well tamped in thin layers and I do not anticipate that you will have any trouble from this source.

The other difficulties in preparing the sub-foundation both for the track and the paving I think have been amply dealth with in the specifications of the City Engineer McClelland, and under the specifications he has sufficient authority to require the Contractor to do that work which is necessary to provide a good sub soil foundation. Particular attention should be paid to the rolling of the sub-grade of the track trench.

2. Drainage.

It is proposed to instal in the track trench midway between tracks, a vitrified drain tile, in a trench 9 inches square. I would recommend that instead of vitrified tile that porous land tile be substituted. This should be laid to a uniform grade with open joints and back filled, with the loose stone as provided; the size of the tile should be 3 or 4 inches in diameter, and if the sewer is in the centre of the street the tile should be connected in a substantial manner to the sewer manholes as often as convenient, if these manholes are not in the centre of the street, it might be possible to connect it with the catch basins to be installed for the track drains. In the installation of track drains as provided in the specifications care should be taken to keep the top of the drain casting flush with the top of the rail in order to avoid any sudden

depressions which are objectionable to vehicular traffic, these being placed at the breaks of grade no difficulty will be experienced in having good drainage of surface water.

3. Track Foundation.

The best and most permanent type of track foundation is a concrete slab of approximately 6 inches in thickness. A very good type of track foundation is 6 or 8 inches of 1½ inch or 2 inch crushed stone thoroughly rolled with at least a ten ton steam roller. In building track on the concrete slab foundation after the concrete has set for a period of 5 to 7 days, the track should be laid and surfaced on a cushion composed, preferably, of stone dust and fine screenings moistened about 1½" in thickness. This cushion should cover the entire slab and act as a separator between the concrete of the track foundation and the concrete of the paving foundation. No traffic should be allowed on the track for a period of 12 to 14 days after the placing of the concrete slab.

In packing the ties as above bars should be used in the hands of 4, 6 or 8 men, divided equally on either side of the tie and working against one another. In the case of rolled stone ballast foundation for the track the same proceedure should be followed also the same material used for packing. In making a choice of these two types of track foundation, again the matter of excavations for the repairs of underground utilities enters into it. In case of the concrete slab, when an excavation is made under the same it is almost impossible to secure a good job of back filling without breaking the entire concrete structure from the surface of the paving down the excavation treated as noted under "Excavations." This concrete slab cannot be satisfactorily repaired unless the Street Railway traffic is removed from the street for sufficient time to permit the setting of the concrete. If the slab is not broken down the excavation, however small, will eventually sluff off and become larger, and be a menace to the track structure. In repairing excavations under a track with a rolled stone ballast foundation as above it would be necessary to break through from the surface to do the back filling but the foundation of the track structure and the concrete for the paving can be readily repaired. In view of the fact that the underground utilities are being thoroughly overhauled and it is not likely that many excavations will be made in the near future under the track space, I would recommend the concrete slab foundation, calling your attention, however, to the fact that the cast iron water and gas mains which lie under the track space should be thoroughly inspected as is customary in many cities and yourselves assured that no repairs to these mains will be required in the immediate

future, also that having the track and paving on a hard solid foundation will increase the transmission of the vibration due to moving loads.

4. Paving Foundation.

In laying the concrete in the track space for the paving foundation I would recommend that it be brought up above the base of the rail and that the mass immediately under the rail be thoroughly tamped with bars and the mixture made reasonably wet to make sure that it will float around the rail, this concrete should be carried out around the ends of the ties in order to thoroughly seal them. After the concrete has been placed and tamped to the proper surface and grade a thin slush of grout composed of neat cement and water should be brushed over the surface with a push broom to assist in making the foundation, particularly around the rail, impervious to water.

In the event that the stone ballast is used in the track space the stone should be thoroughly wet before placing the concrete for the paving foundation.

5. Paving in Track Space.

On top of the concrete for the paving foundation should be spread a 1 or 1½ inch layer of clean sharp sand and Portland cement mixed in proportions of 1 to 3, this should be spread dry and the sandstone blocks laid in the usual manner and thoroughly rammed. The paving blocks should then be grouted with thin mixture of the same proportions of sand and cement or 1 to 2 proportion if desired, which will supply sufficient moisture to set the grout beneath them. In regard to ramming the paving block, my opinion is that the rammer specified as weighing 80 lbs., is too heavy; this weight should be cut down to 50 or 60 lbs. which a man can handle more readily and bring the stone to a truer surface by tapping lightly or heavily as the occasion demands. The face of the rammer is also too large, this should not be over 4 inches in diameter so that it will cover but one block at a time, thus assuring individual attention to the ramming of each block, which in my opinion is most important.

In laying the blocks in the track space it will become necessary to break bats, this should be carefully watched and great care taken that the breaking does not undercut the bed of the stone, thus making it smaller at the bottom than on the top, as this void is almost impossible to fill. The blocks adjacent to the gauge of the rail should be chamfered about 3 inches from the end of the block and 1″ or 1¼″ deep, sufficient to permit the end of the block thus chamfered to set under the head of the rail ¼″ or ⅜″, thus preventing the block from raising. This chamfer will

also bring the top of the block flush with the top of the rail, and this surface should be carried across to the opposite rail without crown. The outer rail should be laid to the grade established and the inner rail raised ¼" above and the paving in the strip between tracks should be crowned ½" on the centre line thus presenting to the surface of the street a track structure and track paving which will drain at the same time and conform very closely to the surface of the street. The chamfering of the blocks as above recommended presents easy access to the crossing of the tracks by vehicles with narrow tires and enables them to get in and out of the grooves provided for the car wheels without wrenching or damaging the wheels of the vehicle.

The specifications call for the blocks to be laid at right angles to the line of the rail, this should apply only to the space between the two outer rails and the blocks outside of the outside rail should be laid as stretchers or parallel to the line of the rail, thus presenting a neat line to the asphalt surface adjacent thereto. If laid as headers in this latter space it will present to the asphalt surface what is known as toothing in which it is almost impossible to thoroughly compact the asphalt. Great care should be taken in cutting and laying the blocks at the joints of the rails, these blocks should be cut on the work as each joint presents a different position to the course of paving blocks. It would be well, if apparatus is obtainable, to sand blast the continuous joints and the rail before applying to make sure that both are free from scale, if this is not practicable, after the joint has been applied in the usual way, it should be left open and the traffic allowed to pass over it for several days before giving the bolts the final tightening. These bolts should be tightened with a wrench, the handle of which is not more than 4 feet in length. The surface of the rail at the joints should be dressed to uniform surface by either hand filling or mechanical grinding.

As to chamfering of the block, and the laying of the same as above recommended, I will submit a drawing in the course of the next day or two illustrating more definitely the idea which I intended to convey, also illustrating the laying of the track on concrete slab or ballast.

I trust that the recommendations above will be of service to you, and I am quite sure with the care that your specifications seem to have been drawn, together with the slight changes recommended as above, that you will get a permanent and lasting job of paving.

Yours truly,

W. F. GRAVES.

5. That whereas the Local Board of Health on the favorable report of the City Engineer and Medical Health Officer has recommended that a tile sewer be constructed in Rideau Street from Bay Street to North Street; that said sewer be constructed in Rideau St. from Bay St. to North St. on sanitary grounds in accordance with the terms of the Local Improvement Act.

6. That whereas the Assessment Commissioner has pointed out that a Plan has been filed by William A Wood, sub-dividing lots 4, 5 and 6 on Concession Street, making allowance for a street which has not been named, that the name of "Macdonald Street" be given to this allowance.

7. That whereas the Board of Health has drawn attention to the unsanitary condition of the Princess and Queen Street slips, that an endeavor be made to get the Government dredge to dredge these parts in order to remedy this condition.

8. That the following walks be constructed:

Colborne St., south side, from Chatham to Division St.
Chapman St., west side from Queen to Colborne St.
Victoria St., east side, from Princess southerly.
Brock St., north side, from Victoria to Nelson St.
Alfred St., east side, from Stanley to Pine St.
Stanley St., south side, from Lansdowne to Alfred St.

Fire and Light.

Ald. Sutherland presented report No. 33 from the Committee on Fire and Light as follows:—

Committee Room, Kingston, May 7th, 1914.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Committee on Fire and Light begs leave to report and recommend as follows:

1. That on the recommendation of the City Engineer and the Chief of the Fire Department that the boundaries of fire limit B. as described on page 129 of the Revised By-laws of the City of Kingston, be amended so as to read as follows:

"Commencing in the centre line of Rideau Street where it intersects the centre line of North Street, thence northerly along the centre line of Rideau Street to the centre line of Charles St. produced easterly, thence easterly along the centre line of Charles St. produced one hundred and thirty-three feet, thence northerly along and parallel with the centre line of Rideau Street to the centre line of Cataraqui street, thence easterly along the centre

line of Cataraqui Street to the west line of the allowance for track of the Grand Trunk Railway Company and the Kingston and Pembroke Railway Company, thence southerly along the west line of said allowance to the centre line of North Street, thence westerly along the centre line of North Street to the place of beginning."

2. That the Chemical engine be retired and the light hose wagon be continued in service.

3. That the Public Commission be requested to place one hydrant in each block in Princess Street between King and Alfred Sts., and that the location be selected by the Chief of the Fire Department and the Manager of Civic Utilities.

4. On the petition of A. W. Wheatley and others asking for increase of salary for the Chief of the Fire Dept., that the request be not granted.

Respectfully submitted,

Ald. Sutherland presented By-law No. 24, 1914. The By-law was read a first time and the 31st rule being suspended by two-thirds ote a second and third time, the second being in committee of the whole, Ald. Harrison in the chair and was signed and sealed as follows:—

MOTIONS.

Moved by Ald. Hoag, seconded by Ald. McCann (9), that it is expedient that the following described lands and premises in the Township of Kingston adjacent to the City of Kingston be annexed to the said City and the necessary proceedings be taken to annex said lands, viz.:—

All and Singular that certain parcel or tract of land and premises situate, lying and being in the Concession west of the Great Cataraqui River in the Township of Kingston, in the County of Frontenac and Province of Ontario, and being part of Farm Lot Five (5) in the said Concession: Which parcel may be more particularly described as follows, that is to say;

Commencing at the north-easterly corner of a tract of land

Thence southerly along the westerly limit of the last above mentioned tract Two Hundred and Fifty-six feet, more or less to an intersection with a line running northerly parallel to and Two Hundred feet easterly from a fence along the westerly limit of the tract conveyed by Mrs. A. E. Hodgson to James Druce by Deed dated the Fifth day of March, 1914; thence north 6° 01′ west along the last above described intersecting line Three Hundred and Eighteen feet more or less to a point such that the area hereby conveyed shall be Three and One-half acres no more and no less:

Thence north 83° 59′ east at right angles to the last above described course Six Hundred and Seventy-nine feet more or less to the westerly limit of an allowance for a road near the easterly limit of the above mentioned tract conveyed by Mrs. A. E. Hodgson to James Druce:

Thence southerly Two Hundred and Twenty-eight feet more or less to an intersection with a line running North 2° 30′ east from the point of commencement:

The above described tract hereby intended to be conveyed comprising parts of sub-division Lots Thirty-four (34), Thirty-five (35), Forty-three (43), and Forty-two (42), shown on a plan of sub-division made for John McLean by George Bruce, P.L.S., and filed in the Registry Office for the County of Frontenac on the 22nd day of March, 1847.

Together with a right of way Thirty feet wide on which to construct and use a railroad siding from the Kingston and Pembroke and Grand Trunk Railway tracks over the field adjoining on the west the land hereby intended to be conveyed; This right of way however to be subject to the right of the Grantor to construct and use any sidings he should desire across the said siding in the aforesaid adjoining field and also subject to a right of way to the Grantor over the said siding of the Grantee for all purposes to the adjoining property, and the right also to construct a spur line or lines from the said siding to the adjoining property provided that the said spur line or lines shall be constructed entirely on the property of the Grantor.

Subject however to a right of way to the spring situate in the aforesaid field adjoining on the west the property hereby intended to be conveyed the last above mentioned right of way being defined in the option given to the Grantor by John Elliott and Mrs. A. E. Hodgson dated the 11th day of April, 1913.

The tract hereby intended to be conveyed being shown within the Red tinting on the plan hereto attached.

Moved by Ald. Harrison, seconded by Ald. Litton (10), that Alderman Couper be the representative of this Council with the Mayor on the new Conciliation Board.—Carried.

Moved by Ald. O'Connor, seconded by Ald. Nickle (11), that this Council request the City Solicitor to report at its next meeting as to the rights of owners of motors for compensation when called to make a change in consequence of Utilities Commission changing electric current from direct to alternating; that he also report as to legality of said Utilities Commission serving some users of motors with direct current while compelling others to change their motors.—Carried.

Moved by Ald. Couper, seconded by Ald. Hoag (12), that whereas the City Officials have presented Ex-Treasurer Ireland with a portrait of himself, and it is the wish of the officials and Mr. Ireland that the City Council accept it on behalf of the City, that this Council do now accept the same and that it be hung in the City Hall.—Carried.

Moved by Ald. Litton, seconded by Ald. Hughes (13) that the account of Mr. W. F. Graves for $67.13, the City's portion of the report re Paving King and Princess street, and that this amount be paid to Hugh C. Nickle, having paid the amount to Mr. Graves.—Carried.

To Adjourn.

Moved by Ald. Couper, seconded by Ald. Litton, that Council do now adjourn.—Carried.

Council adjourned at 12.30 a.m.

Mayor. City Clerk.

May 14th, 1914.

A special meeting of the City Council was held this evening at eight o'clock, His Worship Mayor Shaw presiding.

Present:—Ald. Bews, Couper, Fair, Graham, Hanley, Harson, Hughes, Hoag, Kent, Litton, McCann, Newman, Nickle, O'Connor, Peters, Richardson, Stroud, Sutherland, White.

A communication from the Private Secretary to the Royal Highnesses Governor-General, the Duchess of Connaught and Princess Patricia re visit to Kingston.

Moved by Ald. Hoag, seconded by Ald. Harrison (1) that the communication re the visit of His Royal Highness the Duke of Connaught be accepted and that the Finance Committee be empowered to make all necessary arrangements.—Carried.

REPORTS.

Finance and Accounts.

Ald. Harrison presented report No. 34 from the Committee on Finance and Accounts as follows:—

Committee Room, Kingston, May 14th, 1914.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Committee on Finance and Accounts begs leave to report and recommend as follows:

1. BY-LAWS.

Ald. Litton presented By-law No. 25, 1914. The By-law was read a first time and the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. McCann in the chair and was signed and sealed as follows:—

BY-LAW NO. 25, 1914.

A By-law to authorize the construction of concrete walks in the streets and parts of streets in the City of Kingston set out in the schedule hereto annexed as Local Improvements under the provisions of the Local Improvement Act.

Passed May 26th, 1914.

WHEREAS it is expedient that the construction of the concrete walks on the streets and parts of streets set out in the schedule hereto annexed shall be undertaken as Local Improvements, and notice of the intention of the Council to undertake such works has been duly published.

THEREFORE the Municipal Council of the Corporation of the City of Kingston enacts as follows:

1(a) That it is determined and declared, this By-law being passed by a vote of two-thirds of all the members of the Council, that it is desirable that the construction of each of the said concrete walks in the streets and parts of streets set out in the schedule hereto annexed should be undertaken as a Local Improvement under the provisions of the Local Improvement Act.

1(b) That, as above determined and declared, each of the said concrete walks be constructed as a Local Improvement under the provisions of the Local Improvement Act.

2. The Engineer of the Corporation do forthwith make such plans, profiles and specifications, and furnish such information as may be necessary for the making of a contract for the execution of the works.

3. The work shall be carried on and executed under the superintendence and according to the directions and orders of such Engineer.

4. The Mayor and Clerk are authorized to cause a contract for the construction of the work to be made and entered into with some person or persons, firm or corporation, subject to the approval of this Council to be declared by resolution.

5. The Treasurer may (subject to the approval of the Council) agree with any Bank or person for temporary advances of money to meet the cost of the work pending the completion of it.

6. The Special Assessment shall be paid by 20 annual instalments (which is within the lifetime of the work).

7. The debentures to be issued for the loan to be effected to pay for the cost of the work, when completed shall bear interest at five per cent. per annum and be made payable within twenty years on the sinking fund plan and in settling the sum to be raised annually to pay the debt the rate of interest on investment shall not be estimated at more than four per cent. per annum.

8. Any person whose lot is specially assessed may commute for a payment in cash the special rates imposed thereon by paying the portion of the cost of construction assessed upon such lot, without the interest, forthwith after the Special Assessment Roll has been certified by the Clerk, and at any time thereafter by the payment of such sum as when invested at four per cent. per annum will provide an annuity sufficient to pay the special rates for the unexpired portion of the term as they fall due.

This By-law shall come in force and take effect on its passing.

Board of Works.

Ald. Litton presented Report No. 43 from the Board of Works as follows:—

Committee Room, Kingston, June 19th, 1914.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Board of Works begs leave to report and recommend as follows:

1. That the following streets as mentioned in Clause 6, Report No. 36 of the Board of Works Report to be treated by Tarvia be done under the Local Improvement Plan, viz.:—

King St. between Barrie and Centre St.
Princess St. between Alfred St. and City Limits.

2. On the petition of W. B. Carey and W. L. Goodwin for Walk on Alice St. that the request be granted.

3. On the petition of John Macgillivray and others for a walk on Albert Street, that the request be granted if certified sufficiently signed.

4. That the tender of George Downey for $130.00 for house No. 467 Division Street be accepted.

5. That the communication from the Kingston, Portsmouth and Cataraqui Electric Railway Co. re paving Princess St. from Clergy St. to Barrie St. be filed.

July 3rd, 1914.

6. That the request of J. A. McDonald, 311 University Ave., to have a tree removed be left to the Chairman and City Engineer with power to act.

7. That as it is not now Council's intention to pave Princess St. between Barrie and Alfred that the cheques which accompanied the tenders for this work be returned.

8. That the City Engineer remove the trees in front of No. 33 Upper William St. in accordance with By-law No. 30, clause 15.

9. That the tender of Foley & Gleeson to lay a six inch slab of concrete under the ties on Princess St. cover same with 1½ inches screenings, tamp every tie thoroughly and do extra 3½ inches of grading for the sum of sixty-eight (68) cents per square yard of track allowance be accepted and the City Solicitor be instructed to prepare the necessary contract and request the Contractor to execute same.

(The above is an extra to their contract for paving Princess St. and is in accordance with the recommendations of Mr. W. F. Graves.)

10. That the petition of R. J. Carson and others for an asphaltic concrete pavement on a concrete base on Princess St. between Clergy and Barrie Sts. be granted.

11. That the following tender of Foley & Gleeson to pave Princess St. between Clergy and Barrie be accepted:

Ottawa, Ont., June 22nd, 1914.

To the Chairman and Members of the Board of Works:—

Gentlemen,—In connection with the proposed pavement on Princess Street from Clergy St. to Barrie St. we will agree to lay pavement consisting of all necessary excavation, six inch concrete and one inch binder and two inch asphalt surface on driveways, track allowance to consist of four inches of concrete underneath the ties, extending within two inches of surface, surface to be completed with concrete composed of best quality

granite to substitute limestone. The above work to be done at the following prices:—

Track allowance, $3.60 per square yard.
Drive-ways, $2.35 per square yard.
Concrete curb and gutter, 60 cents per lineal foot.
Concrete gutter, 30 cents per lineal foot.
Standard gutter inlets, $10.00 each.
Standard gutter inlets with back, $20.00 each.
Standard track grates, each $75.00.
All above work to comply with City's specifications.

Yours truly,

(Signed) FOLEY & GLEESON,
Per J. Gleeson.

That the City Solicitor be instructed to prepare the necessary by-law for the above, also contract and request the Contractor to execute same and proceed with the work.

12. That the tender of Foley & Gleeson to construct 50,000 square yards of sheet asphalt pavement in accordance with the plans and specifications of the City Engineer for the sum of $125,063.50 be accepted (the price per square yard of the asphalt surface is $2.15); pavement to consist of four inches Portland cement concrete base, ¾ inch binder and 2 inch wearing surface of genuine Trinidad or Bermudez sheet asphalt; above price includes all necessary excavations and carries a five year guarantee. As Council reserved the right to let the whole or any part of the tender that a contract be given for 30,000 square yards to be laid this year on streets to be decided upon by this Committee, and if the Contractor will accept at the same price that he be given the balance to do in 1915. That the City Solicitor be instructed to prepare the necessary by-law for the above, also contract and request the Contractor to execute same and proceed with the work.

Respectfully submitted,

(Signed) J. W. LITTON,
J. M. HUGHES,
W. J. FAIR,
Objecting to Clause 12.
W. P. PETERS,
N. E. O'CONNOR,
With exception of Clause 12.
R. D. SUTHERLAND,
With exception of Clause 12.

Moved by Ald. Litton, seconded by Ald Fair (4), that the Report of the Board of Works be received and taken up Clause by Clause.—Carried.

Clauses 1 to 9 inclusive were adopted.

Clause 10 of the Report was adopted on the following division:

Yeas.—Ald. Bews, Couper, Clugston, Fair, Gillespie, Hanley, Hughes, Hoag, Kent, Litton, McCann, Newman, O'Connor, Peters, Sutherland, White (16).

Nays.—Mayor Shaw, Ald. Graham, Harrison, Stroud (4).

Moved by Ald. Litton, seconded by Ald Hughes (5), that Clause No. 10 of the Board of Works' Report, as just passed by this Council, be rescinded.—Carried.

Moved by Ald. Hoag, seconded by Ald. Litton (6), that the petition of R. J. Carson and others for an asphaltic concrete pavement on a concrete base on Princess St., between Clergy St. and Barrie St,, be not granted.—Carried.

Clause 11 was carried on the following division:

Yeas.—Mayor Shaw, Ald. Bews, Couper, Clugston, Fair, Gillespie, Hanley, Harrison, Hughes, Hoag, Kent, Litton, McCann, Newman, O'Connor, Peters, Stroud, Sutherland, White (19).

Nays.—Ald. Graham.

Moved by Ald. Harrison, seconded by Ald. Stroud (7), that, owing to the state of our civic finances and the present condition of the Utilities on the streets proposed to be paved, and the further fact that we are laying some experimental pavements and have not yet fully tested these, we refer Clause 12 back to the Board of Works Committee.—Carried.

The report was then carried as amended.

Fire and Light.

Ald. Sutherland presented Report No. 44 from the Committee on Fire and Light as follows:

Committee Room, Kingston, July 2nd, 1914.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Committee on Fire and Light begs leave to report and recommend as follows:

1. That on and after August 1st, 1914, no hose be loaned to the Board of Works Department for flushing purposes.

2. That Chief Armstrong be instructed to attend the Convention of the International Association of Fire Engineers to be held in New Orleans, La., October 20th to 23rd, inclusive, expenses to be paid by the City.

3. That the fire limits be extended in accordance with the recommendation of the Fire Chief as per his report of July 2nd, and that the By-law be amended accordingly:

July 2nd, 1914.

To the Chairman and Members of the Committee on Fire and Light:

Gentlemen,—

Your attention is called to the need of the extension of Fire Limits A and C, and I would respectfully recommend that the following changes be made in the boundaries of these limits:—

Fire Limit A.—

Fire Limit A shall be that portion of the City colored blue on the plan in the office of the City Engineer, and butted and bounded as follows:—Commencing at the water's edge on the centre line of Emily Street, thence north-westerly along the centre line of Emily Street to the centre line of King Street, then southerly along the centre line of King Street to the centre line of Barrie Street, then northerly along the centre line of Barrie Street to the centre line of Colborne Street, thence westerly along the centre line of Colborne Street to the centre line of Sydenham Street, then northerly along the centre line of Sydenham Street to the centre line of Bay Street and then along the centre line of Bay Street to the water's edge of the harbor and then along the water's of the harbor to the place of beginning.

Commencing at the intersection of the centre line of King and Beverly Streets, then northerly along the centre line of Beverly Street to the centre line of Union Street, then westerly along the centre line of Union Street to the centre line of Ellerbeck Avenue, then southerly along the centre line of Ellerbeck Avenue to the centre line of King Street then along the centre line of King Street to the place of beginning.

Fire Limit C.—

Fire Limit C shall be that portion of the City outside Fire Limit A and colored red on the plan on file in the office of the City Engineer and butted and bounded as follows:—Commencing at the water's edge where the centre line of Beverly Street produced southerly intersects said water's edge, thence northerly along the centre line of Beverly Street to the centre line of Union Street thence westerly along the centre line of Union St. to the centre line of Macdonnell Street, thence northerly along the centre line of Macdonnell Street produced northerly to the centre line of Concession Road, thence easterly along the centre

line of Concession Road to the centre line of Division Street, thence northerly along the centre line of Division St. to a point one hundred feet north of the northerly line of Stephen Street, then easterly along a line one hundred feet north of and parallel with the northerly line of Stephen Street produced to the water's edge of the harbor thence along the waters of the harbour to the place of beginning together with the water lots of the harbor lying east and south of the City between the centre line of Beverly Street and a point one hundred feet north of the northerly line of Stephen Street produced to the water's edge, but saving and excepting out of the said area, that portion of the City and water lots embraced within the boundaries of Fire Limits A and B.

Commencing where the centre line of Ellerbeck Avenue intersects the centre line of King Street thence northerly along the centre line of Ellerbeck Avenue to the centre line of Union Street, thence westerly along the centre line of Union Street to the westerly City Limits, thence southerly along the said City Limit to the water's edge of the harbor, thence along the waters of the harbor to the centre line of Beverly Street produced southerly, thence northerly along the centre line of Beverly Street produced, to the centre line of King Street, thence westerly along the centre line of King Street to the place of beginning.

I would further recommend that the provision of the By-law requiring that shingles shall be laid in mortar or have asbestos paper underneath, and which now only applies to the Fire Limits shall be made to apply to all parts of the City, and that where a number of dwellings or buildings used for other purposes are under one roof, that at least every second partition wall shall be carried up to the roof, so as to form a fire stop in the attic. There are a number of buildings within the City, where if a fire occurred and reached to the attic, it would have every possible chance to spread from one end of the row to the other.

BY-LAWS.

Ald. Bews presented By-law No. 29, 1914. The By-law was read a first time and, the 31st rule being suspended by two-thirds vote, a second and third time, the second being in committee of the whole, Ald. Hughes in the chair, and was signed and sealed as follows:—

BY-LAW NO. 29, 1914.

A By-law to raise by way of loan on the credit of the debentures therein mentioned the sum of $35,000 to pay the expense of extensions and improvements to the City Gas and Electric Light and Power Works already made and completed.

Passed July 6th, 1914.

WHEREAS the Corporation of the City of Kingston purchased the Gas and Electric Light and Power Works in the said City of Kingston, formerly belonging to the Kingston Light and Power Company under the authority of the Municipal Act and the Municipal Light and Heat Act, and raised the money for such purchase by by-law lawfully passed for that purpose, to wit: the sum of $182,000.

AND WHEREAS the said Corporation has further improved and extended the said works at the further cost of $35,000, and it is necessary and expedient to raise this sum by way of loan in the manner hereinafter provided;

AND WHEREAS the further extensions and improvements were necessary and a sufficient additional revenue will be derived therefrom to meet the annual special rate required to pay the new debt and interest;

AND WHEREAS the amount of the debt to be created by this by-law is $35,000, and the object for which it is to be created is to pay for the further extension and improvement of the said Gas and Electric Light and Power Works as aforesaid;

AND WHEREAS the total amount required to be raised annually by special rate on all the rateable property of the Municipality for paying the said debt and interest as hereinafter provided is $2,926.00;

AND WHEREAS the amount of the whole rateable property of the said Municipality, according to the last revised assessment roll of the said Municipality being for the year of 1914, is $11,689,107;

AND WHEREAS the amount of the existing debenture debt of the said Municipality, exclusive of the local improvement debts, secured by special acts, rates, or assessments, is $1,281,308.32, and no part of the same or of the interest thereon is in arrear;

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston as follows, three-fourths of all the members of said Council being present and voting in favor of the same:

1. It shall be lawful for the Mayor of the said Municipality to raise by way of loan from any person or persons, body or bodies corporate who may be willing to advance the same upon the credit

of the debentures hereinafter mentioned, a sum of money not exceeding in the whole the sum of $35,000, and to cause the same to be paid into the hands of the City Treasurer of the said City for the purpose and with the object above recited.

2. It shall be lawful for the said Mayor to cause any number of debentures to be made for such sum of money as may be required not less than One Hundred Dollars each, and that the said debentures shall be sealed with the seal of the said Municipality and signed by the said Mayor and counter-signed by the said Treasurer, and together shall not exceed the sum of $35,000.

3. The said debt shall be payable in twenty years from the first day of July, A.D., 1914, at the office of the Treasurer of the said City of Kingston.

4. The said debentures shall be dated within two years from the passing of this By-law and shall bear interest at the rate of five (5) per cent per annum from the first day of July, 1914, which interest shall be payable half yearly on the first day of the months of January and July in each year at the office of the said Treasurer in the City of Kingston, and the said debentures shall have interest coupons attached to them, which coupons shall be signed by the said Treasurer.

5. There shall be raised annually during the currency of the debentures the sum of $1,750 for the payment of the interest thereon, and the sum of $1,176 to form a sinking fund for the payment of the said debt, the said sums making together the annual amount of $2,926 to be raised, levied and collected in each year during the period of twenty years by an annual special rate sufficient therefor to be levied on the whole rateable property in the said Municipality.

6. This By-law shall come in force and take effect on its being approved by the Ontario Railway and Municipal Board of the Province of Ontario.

BY-LAW NO. 30, 1914.

A By-law to authorize the construction of a permanent pavement on Princess Street in the City of Kingston, set out in the schedule hereto annexed, as Local Improvement under the provisions of the Local Improvement Act.

Passed July 6th, 1914.

Whereas it is expedient that the construction of a permanent pavement on Princess Street, as set out in the schedule hereto annexed, shall be undertaken as a local improvement, and notice of the intention of the Council to undertake suhch work has been duly published;

THEREFORE, the Municipal Council of the Corporation of the City of Kingston enacts as follows:—

1 (a). That it is determined and declared, this By-law being passed by a vote of two-thirds of all the Members of Council, and that it is desirable that a permanent pavement, forty-one feet wide, as set out in the schedule hereto annexed, should be undertaken as a local improvement under the provisions of the Local Improvement Act.

(b). That, as above determined and declared, the permanent pavement be constructed as a local improvement under the provisions of the Local Improvement Act.

2. The Engineer of the Corporation do forthwith make such plans, profiles and specifications, and furnish such information as may be necessary for the making of a contract for the execution of the work.

3. The work shall be carried on and executed under the superintendence and according to the direction and orders of such Engineer.

4. The Mayor and Clerk are authorized to cause a contract for the construction of the work to be made and entered into with some person or persons, firm or corporation, subject to the approval of this Council, to be declared by resolution.

5. The Treasurer may (subject to the approval of the Council) agree with any bank or person for temporary advances of money to meet the cost of the work pending the completion of it.

6. The special assessment shall be paid by five annual instalments which is within the lifetime of the work.

7. The debentures to be issued for the loan to be effected to pay for the cost of the work when completed shall bear interest at a rate to be fixed by a debenture by-law for the loan aforesaid, and be made payable within five years on the sinking fund plan, and in

settling the sum to be raised annually to pay the debt the rate of interest on investments shall not be extimated at more han four per cent. per annum.

8. Any person whose lot is specially assessed may commute for a payment in cash the special rates imposed thereon, by paying the portion of the cost of construction assessed upon such lot, without the interest, forthwith after the Special Assessment Roll has been certified by the Clerk, and at any time thereafter by the payment of such sum as when invested at four per cent. per annum will provide an annuity sufficient to pay the special rates for the unexpired portion of the term as they fall due.

This By-law shall come in force and take effect on its passing.

BY-LAW NO. 33, 1914.

A By-law to define certain areas within the Municipality of the City of Kingston in which the streets shall be oiled.

Passed 1914.

BE IT ENACTED by the Council of the Corporation of the City of Kingston as follows:

1. The streets in the said City of Kingston within the several areas hereinafter defined shall be oiled for the purposes of maintaining, repairing and cleaning the said streets by the Corporation of the said City of Kingston; to wit, the streets within the several areas formed by the City lots and properties fronting or abutting upon the streets or parts of streets in said City and the said streets and parts of streets as follows:

(*i*). King Street, between Barrie Street and Centre Street.

(*ii*). Princess Street, between Alfred Street and the City Limits.

2. That a special rate of Twenty eCnts per foot frontage be imposed on the actual cost, and the same is hereby imposed annually upon all the assessable real property within the said several areas in the preceding section defined according to the frontage thereof in order to pay the expenses of oiling the said streets therein during every year this By-law is in force, and which rate shall be in addition to all other rates for which the said real property is, and shall be, liable, provided always that a sum equal to the said rate upon the frontage of all properties within said several areas exempt by law from the said rate, shall be borne and paid by the said Corporation of the City of Kingston out of the general funds of the Municipality; and provided also that the cost of oiling any of the said streets opposite any other intersecting street or streets shall be borne and paid by the said Corporation of the City of Kingston out of the general funds of the Municipality; provided further that corner lots shall be assessed for a frontage equal to twice the frontage of the shortest side.

3. That the Assessment Commissioner of the City of Kingston, with such assistant or assistants as may be necessary, do forthwith prepare and deliver to the City Clerk a roll containing all the assessed real property within the said areas with the frontage thereof of the said streets and the names and roll numbers of the owners as they appear on the last revised assessment roll.

4. The City Clerk shall place upon the Collector's roll or rolls, opposite the several names of the persons assessable, the amounts assessable against the several properties of said owners in respect of such special rate as shown in the roll in the previous sections mentioned.

5. The said amounts shall be payable in each year to the Collector of Municipal Taxes, of the City of Kingston, who is hereby authorized to collect the said amounts at the same time, in the same manner, and with the like remedies as ordinary taxes upon real estate are collectable under the provisions of the Assessment Act.

6. That the amounts collected from the said rate and contributed by the Corporation as aforesaid shall be expended in paying the cost of oiling the said streets within the said areas, and not otherwise.

7. This By-law shall remain in force from year to year until repealed.

8. This By-law shall come in force and take effect on its passing.

BY-LAW NO. 34, 1914.

A By-law to appoint an Electrical Inspector for the due enforcement of the Rules and Regulations of the Hydro-Electric Power Commission of Ontario.

Passed July 6th, 1914.

WHEREAS it is desirable for the Municipality of the City of Kingston, hereinafter called the Corporation, to appoint an Electrical Inspector (hereinafter called the Inspector), and to provide for the due enforcement of the Rules and Regulations of the Hydro-Electric Power Commission of Ontario (hereinafter called "the Commission");

THEREFORE, the Municipal Council of the said Corporation hereby enacts as follows:—

Use of Electric Current.

1. No electric wiring or apparatus shall be installed nor shall electric energy be used for lighting (whether for illuminating, of for decorative, or for advertising purposes), or for power, heating, electro-chemical or other like purposes, within the limits of the Corporation, except as hereinafter provided.

Electrical Installations.

2. The Rules and Regulations of the Commission for Inside Electrical Installations (hereinafter called "The Rules"), now in force, and such modifications, amendments or additions thereto as may hereafter, from time to time, be approved by the Commission, shall be observed and complied with in making all installations of electric wiring, fittings, apparatus or machinery within the limits of the Corporation.

Permits For Installations.

3 (a). No installations of electric winring, fittings, apparatus or machinery shall be made, nor shall any alteration or addition be made, to any existing installation until a permit has been obtained from the Inspector for the carrying out of such work.

(b). The Inspector shall not issue a permit unless in his opinion the proposed installation will, when completed, conform in every respect to the requirements of this By-law.

Inspection of Work.

4 (a). It shall be the duty of every person, co-partnership or company engaged in or carrying on the work of installing electric wiring, fitting, apparatus or machinery, to give the Inspector at least twenty-four (24) hours' notice, in writing, whenever and so often as any such installation is ready for inspection. Every applicant for an Inspector shall, at the time of filing his application, pay the Inspector a sum of money sufficient to cover the Inspector's fee, determined in accordance with the Schedule of Fees hereinafter authorized.

(b). All contractors and others engaged in installing, altering or repairing electric wiring shall place in conspicuous locations about

their work notices warning carpenters, lathers and others not to cover up or close in any such wiring, or any part thereof, until it has been first duly inspected by the Inspector and notice approving of the work has been posted up by him.

(c). Whenever and so often as any new installation of electric wiring, fittings, apparatus or machinery, or any alteration in or addition to any such existing installation has been inspected and approved of by the Inspector, he shall place or cause to be placed in a Conspicuous location upon the work a written or printed notice certifying his approval, which notice shall constitute a sufficient authority to all carpenters, lathers and other workmen to close in and cover up such installation.

Service Connections.

5. No person, co-partnership or company shall install any live service or furnish a supply of electrical energy to any installation for electric lighting (whether for illuminating or for decorative or for advertising purposes), or for heating, power, electro-chemical or other like purposes, without first obtaining from the Inspector a written permit authorizing the furnishing of such supply.

6. The Inspector may from time to time issue permits for such temporary services as may be applied for, for installations made in accordance with the provisions of this By-law and shall specify in every such permit the period of time, not exceeding thirty (30) days, for which such temporary service is authorized.

7. Every person, co-partnership or company supplying electrical energy within the limits of the Corporation, upon receiving a written notice from the Inspector to the effect that the electric wiring, fittings, apparatus or machinery in place in, upon or about any building, erection or premises, or in, upon or about any part or parts thereof, or connected therewith any receiving or available for the purpose of receiving a supply of electrical energy from the feed wires or system or such person, co-partnership or company is in an unsafe condition, or is not installed or placed in accordance with the provisions of this By-law, shall forthwith discontinue and disconnect the service or services from such unsafe, defective or unauthorized wiring, fittings, apparatus or machinery, and shall not thereafter reconnect the same without first obtaining a written permit from the Inspector authorizing such re-connection.

Information to be Furnished.

8. It shall be the duty of every police constable and of every member of the Fire Department of the Corporation who shall have knowledge or reason to believe that any existing installation, or any new installation of electric wiring does not conform to, or is being

installed contrary to, the provisions of this By-law, to forthwith furnish the Inspector with all such information gained by him.

Duties of Inspector.

9. The occupant from time to time of the office of Electrical Wiring Inspector of the Corporation shall see to the due enforcement of this By-law and of the Rules and Regulations of the Commission.

10. Whenever the word "Inspector" occurs in this By-law it shall be construed to mean the person for the time being holding the office of Electrical Wiring Inspector.

1. It shall be the duty of the Inspector:

(*a*). To submit annually, on or before the first day of February in each year, a report in writing detailing the work which has been carried out by him and his assistants during the preceding calendar year, the number of permits issued and inspections made, the amount collected in fees, the amount expended in carrying out the said work for salaries and otherwise, and all such necessary information as he may be required to furnish, and to furnish Interim Reports at all suhch other times as he may be directed to do so by the Board of Control of the Corporation.

(*b*). To keep all such books of account as are necessary to record the transactions of his office and to make all necessary and proper entries therein, and to have all such books of account and vouchers as have to do with the receipt or disbursement of money audited annually by the Auditor of the Corporation.

(*c*). To hand over and to account to the Treasurer of the Corporation at the beginning of each calendar month for all fees and other moneys collected by him during the preceding month, less any proper deductions and disbursements made by him.

(*d*). To inspect, or cause to be inspected, with reasonable despatch all new installations in respect of which he shall have received applications for inspection accompanied by the proper inspection fees. and also to inspect, or cause to be inspected, all existing installations and all additions or alterations thereto, so far as may be necessary, in order to minimize the risk of injury to persons or danger of or from fire.

12. The Inspector and all assistants duly authorized by him are hereby empowered to enter at all reasonable hours upon and into all buildings, erections or premises within the limits of the Corporation, using or connected with any live service for the pudpose of performing his or their duties under this By-law, and they may in like manner enter upon the stage or elsewhere in any theatre, moving picture establishment, opera house, hall, college, hospital, asylum, hotel,

church, school, or other building, or place used for purposes of public assemblage or entertainment wherein electrical energy is used either temporarily or permanently for the purpose of examining the electrical equipment therein or the installation thereof, or for the purpose of witnessing its use in any such place, and the Inspector, if upon such inspection he shall find any defective or dangerous electrical installation, work or equipment, shall notify the owner, occupier, lessee, tenant or manager of such building or place of public assemblage or entertainment to forthwith remedy, alter, repair or ab such defective or dangerous electrical installation work or equipment, and every owner, occupier, lessee, tenant or manager who shall neglect or fail to execute and carry out all such work as may be specified by the Inspector as necessary to remedy such defective or dangerous condition shall be subject to the penalties hereinafter provided.

13. The Inspector, upon the request of any interested person, co-partnership or company, and upon tender of his proper fees, shall hear and determine all disputes between wiremen, contractors, owners, lessees, workmen and others as to the proper method to be employed or as to the materials to be used in making any electrical installation or in the carrying out of any alteration in or addition to any existing installation. The Inspector's decision shall, whenever the matter in dispute is covered by the provisions of the Rules, be given in conformity therewith, and if the matter in dispute is not provided for by the said Rules, then, according to his best judgment and in such manner as to promote the efficiency and safety of the installation; and he shall, if requested so to do, furnish the parties concerned with a written memorandum of his decision.

14. Any person, co-partnership or company affected by a decision of the Inspector may, with five (5) days after receiving notice thereof, appeal from such ruling or decision to the Commission, in which case the party appealing shall furnish the Commission with full particulars, in writing, of the matter or matters in dispute, and shall also forward by mail a copy thereof to all other interested parties. Every order or ruling made by the Commission on an appeal from the Inspector shall be final, and shall be carried into effect by all parties affected thereby, and any failure or neglect to carry into effect any such order shall render the party or parties in default liable to the penalty prescribed by Section 40 of the Power Commission Act, R.S.O., 1914, cap. 39.

15. No person shall alter, damage or interfere with any electrical installation or any portion thereof which has been inspected or approved by the Inspector or by any of his authorized assistants, and no person shall place any metal pipe or other metal work in contact with or contiguous to any electric wiring.

16. No person shall molest, obstruct, or interfere with the Inspector or any of his authorized assistants in the proper discharge of his or of their duties under this By-law.

17. The provisions of this By-law shall apply to and govern all electrical connections and installations now in place or hereafter made or placed in, upon or about any building, erection or premises within the limits of the Corporation and to all works of repairing, altering or extending existing installations.

18. The following Schedule of Fees is hereby approved and authorized to be taken by the Inspector for the resignated services:—

Ald. Litton presented By-law No. 35, 1914. The By-law was read a first time, and, the 31st rule being suspended by two-thirds vote, a second and third time, the second being in committee of the whole, Ald. Nickle in the chair, and was signed and sealed as follows:..

BY-LAW NO. 35, 1914.

A By-law to authorize the construction of concrete walks on the streets and parts of streets set out in the schedule hereto annexed, as Local Improvements, under the provisions of The Local Improvement Act.

Passed July 6th, 1914.

WHEREAS two petitions have been received, one from W. B. Carey and others, and the other from W. M. Goodwin and others, to construct, as local improvements, the works set out in the schedule

hereto annexed, and the Clerk has certified that the petitions are sufficient and it is expedient to grant the prayer of the petitioners in manner hereinafter provided;

THEREFORE, the Municipal Council of the Corporation of the City of Kingston enacts as follows:—

1. That concrete walks be constructed on streets and parts of streets set out in the schedule hereto annexed as Local Improvements, under the provisions of the Local Improvement Act.

2. The Engineer of the Corporation do forthwith make such plans, profiles and specifications and furnish such information as may be necessary for the making of a contract for the execution of the work.

3. The work shall be carried on and executed under the superintendence and according to the directions and orders of such Engineer.

4. The Mayor and Clerk are authorized to cause a contract for the contruction of the work to be made and entered into with some person or persons, firm or corporation, subject to the approval of this Council to be declared by resolution.

5. The Treasurer may (subject to the approval of the Council) agree with any bank or person for temporary advances of money to meet the cost of the work pending the completion of it.

6. The special assessment shall be paid by annual instalments which is within the lifetime of the work.

7. The debentures to be issued for the loan to be effected to pay for the cost of the work when completed shall bear interest at five (5) per cent. per annum and be made payable within twenty (20) years on the sinking fund plan, and in settling the sum to be raised annually to pay the debt the rate of interest on investments shall not be estimated at more than four per cent. per annum.

8. Any person whose lot is specially assessed may commute for a payment in cash the special rates imposed thereon, by paying the portion of the cost of construction, assessed upon such lot, without the interest, forthwith after the Special Assessment Roll has been certified by the Clerk, and at any time thereafter by the payment of such sum as when invested at four per cent. per annum will provide an annuity sufficient to pay the special rates for the unexpired portion of the term as they fall due.

This By-law shall come in force and take effect on its passing.

Board of Works.

Ald. Litton presented report No. 47 from the Board of Works, as follows:—

Committee Room, Kingston, July 14th, 1914.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Board of Works begs leave to report and recommend as follows:—

1. That on the recommendation of the City Engineer, that the tender of Foley & Gleeson to construct 50,000 square yards of sheet asphalt pavement on a concrete base, in accordance with the plans and specifications prepared by the City Engineer for the sum of $125,063.50 be accepted, said pavement to consist of 4 inches Portland cement concrete base, ¾ inch binder, and 2 inches wearing surface of genuine Trinidad or Bermudez sheet asphalt. The above price to include all necessary excavations and a 5-year guarantee.

The City Engineer shall select the area to be paved, and shall have the sole right to say how many yards shall be laid this year. That the City Solicitor be instructed to prepare the necessary by-law for the above, also contract and request the Contractor to execute the same and proceed with the work.

2. That the request of E. Ruddy to erect sign boards be not granted.

Respectfully submitted.

(Signed) J. W. LITTON, Chairman,
W. J. FAIR,
D. COUPER,
WM. P. PETERS,
J. M. HUGHES,
R. D. SUTHERLAND,

Moved by Ald. Litton, seconded by Ald. Couper (4), that the report of the Board of Works be received and adopted.

Moved in amendment by Ald. O'Connor, seconded by Ald. Sutherland, that no action be taken on the Board of Works report re paving until the Budget for 1915 is struck.

BY-LAWS.

Ald. Couper presented By-law No. 38, 1914. The By-law was read a first time, and, the 31st rule being suspended by two-thirds vote, a second and third time, the second being in committee of the whole, Ald. Bews in the chair, and was signed and sealed as follows:—

BY-LAW NO. 38, 1914.

A By-law to authorize the construction of concrete walks in the streets and parts of streets in the City of Kingston, set out in the schedule hereto annexed, as Local Improvements under the provisions of the Local Improvement Act.

Passed July 20th, 1914.

WHEREAS it is expedient that the construction of the concrete walks on the streets and parts of streets, set out in the schedule hereto annexed, shall be undertaken as Local Improvements, and notice of the intention of the Council to undertake such works has been duly published;

THEREFORE, the Municipal Council of the Corporation of the City of Kingston enacts as follows:

1 (a). That it is determined and declared, this By-law being passed by a vote of two-thirds of all the members of the Council, that it is desirable that the construction of each of the said concrete walks in the streets and parts of streets set out in the schedule hereto annexed should be undertaken as a Local Improvement, under the provisions of the Local Improvement Act.

1 (b). That, as above determined and declared, each of the said concrete walks be constructed as a Local Improvement under the provisions of the Local Improvement Act.

2. The Engineer of the Corporation do forthwith make such plans, profiles and specifications, and furnish such information as may be necessary for the making of a contract for the execution of the work.

3. The work shall be carried on and executed under the superintendence and according to the directions and orders of such Engineer.

4. The Mayor and Clerk are authorized to cause a contract for the construction of the work to be made and entered into with some person or persons, firm or corporation, subject to the approval of this Council to be declared by resolution.

5. The Treasurer may (subject to the approval of the Council) agree with any bank or person for temporary advances of money to meet the cost of the work pending the completion of it.

6. The Special Assessment shall be paid by twenty (20) annual instalments (which is within the lifetime of the work).

7. The debentures to be issued for the loan to be effected to pay for the cost of the work, when completed, shall bear interest at five per cent. per annum and be made payable within twenty (20) years on the sinking fund plan, and in settling the sum to be raised annually to pay the debt the rate of interest on investment shall not be estaimated at more than four per cent. per annum.

8. Any person whose lot is specially assessed may commute for a payment in cash the special rates imposed thereon by paying the portion of the cost of construction assessed upon such lot, without the interest, forthwith after the Special Assessment Roll has been certified by the Clerk, and at any time thereafter, by the payment of such sum as when invested at four per cent. per annum will provide an annuity sufficient to pay the special rates for the unexpired portion of the term as they fall due.

This By-law shall come in force and take effect on its passing.

BY-LAWS.

Ald. Litton presented By-law No. 40, 1914. The By-law was read a first time and the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. Hanley in the chair and was signed and sealed as follows:—

BY-LAW NO. 40, 1914.

A By-law to raise by way of loan the sum of $84,532.31 by the issue of debentures to meet the cost of construction of asphalt-macadam and block pavements on those portions of the streets of the City of Kingston mentioned in the Schedule annexed to this By-law.

Passed September 3rd, 1914.

WHEREAS in the opinion of two thirds of all the members of the Council of the Corporation of the City of Kingston it was desirable in the public interest to construct and lay down asphalt-macadam and block pavements as local improvements on the several portions of streets mentioned and described in column one of part one of the Schedule hereto annexed, and by the requisite affirmative vote of three-fourths of the members of said Council, to provide from the general funds of the Municipality forty per cent. of that portion of the cost of the construction of said pavements falling on the property benefited in addition to the part of such cost to be provided by the Municipality and to add said forty per cent. to the said part of the cost of construction of the said pavements to be provided by the Municipality and to issue debentures for the amount thus obtained.

AND WHEREAS petitions were received by the said Council praying for the construction of asphalt-macadam and block pavements as local improvements on the several portions of the streets respectively mentioned and described in column one of Part II, of the Schedule hereto annexed, such petition in each case being signed by at least two-thirds in number of the owners of the real property to be benefited thereby respectively, according to the last revised assessment roll of the Municipality such owners representing in each case at least one-half in value of such real property (the number of such owners and the value of such real property as appeared by the last revised assessment roll of the Municipality having been first ascertained and determined in each case in the manner and by the means provided by a By-law in that behalf) and thereupon the said Council decided that asphalt-macadam and block pavements should be constructed on the said portions of said streets in accordance with the said several petitions.

AND WHEREAS the said several pavements were duly constructed and temporary advances were obtained to meet the cost thereof, and a report has been made thereupon showing that said respective works have been fully completed and a special assessment roll has been fully prepared by the City Engineer pursuant to the By-law in that behalf showing the cost of the said several works respectively and making an assessment therefor upon the several lots abutting directly on the respective works and it has been certified that the period of ten years is the probable life of each of the said several works.

AND WHEREAS the assessed value of the whole real property rateable in respect of the said several improvements as ascertained and finally determined, is the amount mentioned in the eighth column of the said Schedule respectively opposite the said several works as described in the first column of said Schedule.

AND WHEREAS the total cost of the said several improvements is as mentioned in the second column of the said Schedule respectively and the Corporation's portion of such cost is as mentioned in the third column of the said Schedule respectively and the portion of such cost chargeable against the several lots abutting directly on the respective works is as mentioned in the fourth column of the said Schedule respectively opposite the said several works as described in the first column of said schedule.

AND WHEREAS the number of feet frontage of the lots chargeable in case of each of such local improvement works is as set down in the fifth column of the said Schedule respectively opposite each such work as described in the first column of said Schedule and the cost per foot frontage, chargeable against the lots chargeable in respect of each such work is as set down in the sixth column of each such Schedule respectively opposite each such work as described in the first column of said Schedule and the annual rate per foot frontage to be levied in each year for the period of ten years upon the several lots abutting directly upon and chargeable in respect of each such work is as set down in the seventh column of the said Schedule respectively opposite each such work as described in the first column of said Schedule, and the said Schedule is in all those particulars the same respectively as ascertained and determined by the said report and roll and statement of the City Engineer and by the Court of Revision and by the County Judge (where an appeal was had) in respect of each of the said several works.

AND WHEREAS the sum of $84,532.31 being the total cost of the said works, is the amount of the debt to be created by this By-law and for the purpose of repaying the said temporary ad-

vances it is expedient to raise the said sum of $84,532.31 by the issue of debentures of the said City of Kingston, the principal to be payable in ten years from the First day of January, 1914, as hereinafter provided.

AND WHEREAS it will require the sum of $6,648.55 to be raised annually for a period of ten years to pay the sum of $49,879.92 (being the Corporation's portion of the said cost of the said works) and interest at the rate of 5 per cent. per annum payable half-yearly; and it will require the sum of $4,618.87 to be raised annually for a period of ten years to pay the sum of $34,652.39 (being the property owners' portion of the said cost of the said works) and interest at the said rate payable half yearly.

AND WHEREAS the whole rateable property of the said City of Kingston according to the last revised assessment roll is the sum of $11,689,107 and the amount of the existing debenture debt of the said City exclusive of the local improvement debts secured by special acts, rates or assessments, is the sum of $1,281,308.32.

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston as follows:—

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate who may be willing to lend the same upon the credit of the Corporation by the issue of the debentures hereinafter mentioned, the sum of $84,532.31, and to cause the same to be paid into the hands of the Treasurer for the purpose of this By-law.

2. It shall be lawful for the said Mayor to cause any number of debentures to be made for such sums of money as may be required, not less than $100 each and not exceeding in the whole the said sum of $84,532.31 and the said debentures shall be sealed with the seal of the said Municipality and signed by the Mayor and countersigned by the said Treasurer thereof, and shall be used to raise the sum of $84,532.31 by way of loan as aforesaid for the purpose aforesaid.

3. The said debt shall be payable in ten years from the First day of January, 1914, at the office of the Treasurer of the said City of Kingston in the said City.

4. The said debentures shall be dated within two years from the passing of this By-law and shall bear interest at the rate of 5 per cent. per annum from the First day of January, A.D. 1914, which interest shall be payable half yearly on the

First day of the months of January and July in each year at the office of the said Treasurer in the said City of Kingston and the said debentures shall have interest coupons attached to them which coupons shall be signed by the said Treasurer.

5. As to the said sum of $49,879.92 being the Corporation's portion of the cost of the said several works as described in column one of the Schedule hereto annexed, there shall be raised annually during the currency of the debentures, the sum of $2,494.00 for the payment of the interest thereon and the sum of $4,154.55 to form a sinking fund for the payment of the said debt, the said sums making together the annual amount of $6,648.55 to be raised, levied and collected in each year during the said period of ten years by an annual special rate sufficient therefor to be levied on the whole rateable property of the said Municipality.

6. As to the said sum of $34,652.39 being the owners' portion of the cost of the said several works as described in column one of the Schedule hereto annexed there shall be raised annually during the currency of the said debentures the sum of $1,732.62 for the payment of interest thereon and the sum of $2,886.25 to form a sinking fund for the payment of the said portion of the said debt, the said sums making together the annual amount of $4,618.87, which shall be raised, levied and collected along with the other City rates and taxes in each year of the said period of ten years upon the lots abutting directly upon the said several works described in column one of the Schedule hereto annexed (and which lots are more particularly set forth in the said roll or report) by a special frontage rate per foot mentioned in the seventh column of the said Schedule opposite each such work as described in the first column of the said Schedule and which special rate shall be sufficient in each year to produce the said sum of $4,618.87.

7. The said debentures shall be sold and the proceeds thereof shall be applied in paying and discharging the temporary loan or debt incurred in and for the construction of the said works and in no other way and for no other purpose whatever.

8. Any person whose lands are assessed for the said special rate in respect of any of the said local improvements may commute for the payment of his proportionate share of the cost of the said improvements as aforesaid by paying a principal sum according to his frontage as shewn in the said roll of the City Engineer as finally revised up to the end of two weeks from and after this By-law shall take effect, after which the said debentures shall be issued and no commutation shall be permitted and

the lands of persons commuting shall not be subject to the said special rate and the amount of the said debentures shall be reduced by the amount paid as commutation.

9. This By-law shall come in force and take effect on its passing.

(Signed),

W. W. SANDS,
City Clerk.

BY-LAW NO. 41, 1914.

A By-law to raise by way of loan the sum of $22,416.71 by the issue of debentures to meet the cost of construction of sidewalks, curbs and sewers on those portions of the streets of the City of Kingston mentioned in the Schedule annexed to this By-law.

Passed September 3rd, 1914.

WHEREAS, in the opinion of two-thirds of all the members of the Council of the Corporation of the City of Kingston it was desirable in the public interest to construct and lay down concrete sidewalks and curbs as local improvements on the several portions of streets mentioned and described in column one of part 1 of the Schedule hereto annexed, and by the requisite affirmative vote of three-fourths of the members of said Council, to provide from the general funds of the Municipality forty per cent. of that portion of the cost of the construction of the said sidewalks and curbs falling on the property benefited in addition to the part of such cost to be provided by the Municipality and to add said forty per cent. to the said part of the cost of construction of the said sidewalks and curbs to be provided by the Municipality and to issue debentures for the amount thus obtained.

AND WHEREAS the said Council upon the recommendation of the Local Board of Health did affirm by a vote of two-thirds of all the members of the Council in regular meeting thereof, that it was desirable and necessary in the public interest to construct each of the sewers mentioned and described in column one of part II, of the Schedule hereto annexed for the purpose of draining a particular locality for sanitary or drainage purposes as local improvements.

AND WHEREAS petitions were received by the said Council praying for the construction of common sewers as local improvements on the several portions of the streets respectively mentioned and described in column one of part III, of the Schedule hereto annexed, such petition in each case being signed by at least two-thirds in number of the owners of the real property to be benefited thereby respectively, according to the last revised assessment roll of the Municipality such owners representing in each case at least one-half in value of such real property (the number of such owners and the value of such real property as appeared by the last revised assessment roll of the Municipality having been first ascertained and determined in each case in the manner and by the means provided by a By-law in that behalf) and thereupon the said Council decided that common sewers should be constructed on the said portions of said streets in accordance with the said several petitions.

AND WHEREAS the said several sidewalks and curbs and sewers were duly constructed and temporary advances were obtained to meet the cost thereof, and a report has been made thereupon showing that said respective works have been fully completed and a special assessment roll has been prepared by the City Engineer pursuant to the By-law in that behalf showing the cost of the said several works respectively and making an assessment therefor upon the several lots abutting directly on the respective works and it has been certified that the period of twenty years is the probable life of each of the said several works.

AND WHEREAS the assessed value of the whole real property rateable in respect of said several improvements as ascertained and finally determined is the amount mentioned in the eighth column of the said Schedule respectively opposite the said several works as described in the first column of said Schedule.

AND WHEREAS the total cost of the said several improvements is as mentioned in the second column of the said Schedule respectively and the Corporation's portion of such cost is as mentioned in the third column of the said Schedule respectively and the portion of such cost chargeable against the several lots abutting directly on the respective walks is as mentioned in the fourth column of the said Schedule respectively opposite the said several works as described in the first column of said Schedule.

AND WHEREAS the number of feet frontage of the lots chargeable in case of each of such local improvement works is as

set down in the fifth column of said Schedule and the cost per foot frontage chargeable against the lots chargeable in respect of each such work is as set down in the sixth column of each such schedule respectively opposite each such work as described in the first column of said Schedule and the annual rate per foot frontage to be levied in each year for the period of twenty years upon the several lots abutting directly upon and chargeable in respect of each such work is as set down in the seventh column of the said Schedule respectively opposite each such work as described in the first column of said Schedule and the said Schedule is in all those particulars the same respectively as ascertained and determined by the said report and roll and statement of the City Engineer and by the Court of Revision and by the County Judge (where an appeal was had) in respect of each of the said several works.

AND WHEREAS the sum of $22,416.71 being the total cost of the said works, is the amount of the debt to be created by this By-law and for the purpose of repaying the said temporary advances it is expedient to raise the said sum of $22,416.71 by the issue of debentures of the said City of Kingston, the principal to be payable in twenty years from the first day of January, 1914, as hereinafter provided.

AND WHEREAS it will require the sum of $858.50 to be raised annually for a period of twenty years to pay the sum of $10,270.11 (being the Corporation's portion of the said cost of the said works) and interest at the rate of 5 per cent. per annum payable half yearly; and it will require the sum of $1,015.33 to be raised annually for a period of twenty years to pay the sum of $12,146.60 (being the property owners' portion of the said cost of the said works) and interest at the said rate payable half yearly.

AND WHEREAS the whole rateable property of the said City of Kingston according to the last revised assessment roll is the sum of $11,689,107 and the amount of the existing debenture debt of the said City exclusive of local improvement debts secured by special acts, rates or assessments, is the sum of $1,281,308.32.

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston as follows:—

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to lend the same upon the credit of the Corporation by the issue of the debentures hereinafter men-

tioned the sum of $22,416.71 and to cause the same to be paid into the hands of the Treasurer for the purpose of this By-law.

2. It shall be lawful for the said Mayor to cause any number of debentures to be made for such sums of money as may be required, not less than $100 each and not exceeding in the whole the said sum of $22,416.71 and the said debentures shall be sealed with the seal of the said Municipality and signed by the Mayor and countersigned by the said Treasurer thereof, and shall be used to raise the sum of $22,416.71 by way of loan as aforesaid for the purpose aforesaid.

3. The said debt shall be payable in twenty years from the first day of January, A.D. 1914, at the office of the Treasurer of the said City of Kingston in the said City.

4. The said debentures shall be dated within two years from the passing of this By-law and shall bear interest at the rate of 5 per cent. per annum from the first day of January, 1914, which interest shall be payable half yearly on the first day of the months of January and July in each year at the office of the said Treasurer in the said City of Kingston and the said debentures shall have interest coupons attached to them which coupons shall be signed by the said Treasurer.

5. As to the said sum of $10,270.11 being the Corporation's portion of the cost of the said several works as described in column one of the Schedule hereto annexed there shall be raised annually during the currency of the debentures the sum of $513.50 for the interest thereon and the sum of $345 to form a sinking fund for the payment of the said debt, the said sums making together the annual amount of $858.50 to be raised, levied and collected in each year during the said period of twenty years by annual special rate sufficient therefor to be levied on the whole rateable property in the said Municipality.

6. As to the said sum of $12,146.60 being the owners' portion of the cost of the said several works as described in column one of the Schedule hereto annexed there shall be raised annually during the currency of the said debentures the sum of $607.33 for the payment of interest thereon and the sum of $408.00 to form a sinking fund for the payment of the said portion of the said debt, the said sums making together the annual amount of $1,015.33, which shall be raised, levied and collected along with the other City rates and taxes in each year of the said period of twenty years upon the lots abutting directly upon the said several works described in column one of the Schedule hereto annexed (and which lots are more particularly set forth in the said roll

or report) by a special frontage rate per foot mentioned in the seventh column of the said Schedule opposite each such work as described in the first column of the said Schedule and which special rate shall be sufficient in each year to produce the said sum of $1,015.33.

7. The said debentures shall be sold and the proceeds thereof shall be applied in paying and discharging the temporary loan or debt incurred in and for the construction of the said works and in no other way and for no other purpose whatever.

8. Any person whose lands are assessed for the said special rate in respect of any of the said local improvements may commute for the payment of his proportionate share of the cost of the said improvements as aforesaid by paying a principal sum according to his frontage as shown in the said roll of the City Engineer as finally revised up to the end of two weeks from and after this By-law shall take effect, after which the said debentures shall be issued and no commutation shall be permitted and the lands of persons commuting shall not be subject to the said special rate and the amount of the said debentures shall be reduced by the amount paid as commutation.

9. This By-law shall come in force and take effect on its passing.

(Signed)

W. W. SANDS,
City Clerk.

A. SHAW,
Mayor [L.S.]

Kingston Construction Co. submitting tender for paving Princess St. between Clergy and Barrie Sts., as follows:—

Kingston, Ont., Sept. 11th, 1914.

To the Mayor and Members of the City Council.

Gentlemen,—Enclosed herewith please find copy of our letter of August 25th to the Chairman and Members of the Board

of Works. We understand that it is necessary to address a copy of this letter to Council in order to bring it properly before that body and we trust that the enclosed copy will meet the requirements.

Yours very truly,

THE KINGSTON CONSTRUCTION CO. LTD.,
Per George Bawden, Sec.-Treas.

Kingston Ont., August 25, 1914.

To the Mayor and Members of the City Council,
City of Kingston, Ont.

Gentlemen:—

Referring to Messrs. Foley and Gleeson's letter to your Committee of June 22nd last, in connection with the proposed pavement on Princess Street from Clergy Street to Barrie Street, in which they agree to lay certain pavement. We understand that this firm do not intend to proceed with this work and as this block is in very bad condition we desire to make the following proposition: We will lay exactly the same pavement as Foley Gleeson proposed, consisting of all necessary excavations, six inch concrete and one inch binder and two inch asphalt surface on driveways, track allowance to consist of four inches concrete underneath the ties, extending within two inches of surface, surface to be completed with concrete composed of best quality granite to substitute limestone. The above work to be done at the following prices:—

Track Allowance, $3.60 per square yard.
Drive-ways, $2.35 per square yard.
Concrete Curb and Gutter, 60c. per lineal foot.
Concrete Gutter, 30c. per lineal foot.
Standard Gutter Inlets, $10.00 each.
Standard Gutter Inlets, with back, $20.00 each.
Standard Track Grates, $75.00 each.
All above work to comply with City's specifications.

You will note that the above prices are exactly the same as Foley and Gleeson's. If we should receive this contract the pavement will be laid under the supervision of one of the best experts in sheet asphalt or asphaltic concrete obtainable. We are prepared to go right ahead with the work and as soon as the contract is placed will place a thoroughly up-to-date and efficient asphalt plant on the job. If we receive the contract you may be sure of one thing, that local labor will receive the preference and

not be forced to stand on the sidewalk and look on as during the past summer. We propose to use the best asphalt in the world, i.e., AZTEC ASPHALT, a pure natural asphalt, 100 per cent. natural asphalt as it goes into the street, not mixed, blended or fluxed with any other material. I attach hereto several documents with regard to this asphalt.

In reference to our tender for 50,000 yards of pavement, in which we tendered on Tarvia and Rocmac, we might state that we tendered on this class of pavement believing that the City would be getting good value for their money in this class of pavement for residential streets as we did not believe that it was your Committee's intention to lay such an expensive pavement as sheet asphalt on the outlying residential streets.

However as it appears to be the Committee's wish to lay this class of pavement we herewith beg to submit the following price to construct 50,000 square yards of sheet asphalt or asphaltic concrete pavement in accordance with the plans and specifications of the City Engineer for the sum of $120,695.00 (the price per square yard of the asphalt surface complete is $2.08); pavement to consist of four inches Portland cement concrete base, ¾ inch binder and 2 inch wearing surface of pure natural AZTEC ASPHALT, either sheet or concrete; above price includes all necessary excavations and carries a five year guarantee. The same remarks as given re the Princess Street Block cover the 50,000 yards and you already have a cheque of ours as security for the performance of the contract.

If we receive the contract for the 50,000 square yards we are prepared to reduce our price on the block on Princess Street to read as follows:—

Track Allowance, $3.35 per square yard.

Driveways, $2.25 per square yard.

Also if your Committee would prefer it we would lay sheet asphalt or asphaltic concrete in the track allowance as we believe it would give just as good service as the granite concrete.

We trust the above propositions will receive a careful consideration at the hands of your Committee. We are a thoroughly local firm, just starting in business and one may well ask, if we cannot get a contract in our own city, where are we to get one. All profits from the job will be spent in the City and not taken

away to be spent elsewhere. Owing to the present condition of the labor market now is an opportune time to do the work as the City laborers need the money.

All of which is respectfully submitted.

Yours very truly,

(Signed) GEORGE BAWDEN,
Secretary-Treasurer.

FRANK J. HOAG,
R. D. SUTHERLAND,
in order to bring it up for discussion.
JOHN W. LITTON,

Moved by Ald. Hoag, seconded by Ald. Sutherland (2), that the report of the Committee on Finance and Accounts be received and adopted.

Moved in amendment by Ald. Graham, seconded by Ald. Harrison (3), that Clause five of Finance Committee be referred back to the Board of Works for further consideration.

Moved in amendment by Nickle, seconded by Ald. Stroud (4), that all the items in Finance Report relating to sidings be withdrawn and a detail report be submitted at next meeting.

Clause 5 of the report was withdrawn and also the amendment of Ald. Graham.

The amendment of Ald. Nickle to Clause 4 was then declared carried.

The original motion was carried as amended.

Board of Works.

Ald. Litton presented Report No. 54 from the Board of Works as follows:—

October 9th, 1914.

To the Mayor and Members of the City Council.

Gentlemen,—The Board of Works begs leave to report and recommend as follows:

1. That the petition of John Macgillivray and others for the construction of a walk on Albert Street be granted.

2. That the request of J. R. Laidlaw for removal of a tree be granted.

3. That the following sewers and walks be constructed:—

WALKS—

Raglan Road, south side, from York to Barrie St.
Raglan Road, south side, from York to Main St.
Bagot St., west side, from West St. northerly 66 feet.
Alfred St., east side, from Pine St., southerly 98 feet.
John St., south side, from Barrie to Patrick St.

SEWERS—

Montreal St., from Queen St., southerly 192 feet.
Alfred St., from York to Stanley St.
Stanley St., from Alfred to the West limit of Lot No. 1.

4. That the account of Finkle & Co. for horse hire, amounting to $156.00, be paid.

October 9th, 1914.

5. Communications from Board of Trade and resolution from Council re work for the unemployed. That the following work be done:

(a) Grade Patrick Street.

(b) Construct sewer in College St.

(c) Re-macadamize Union St., from Alfred St. to the City Limits.

(d) Construct breakwater in King St. West at an estimated cost of $30.000.

6. That the Chairman, City Engineer and Mayor interview the Member for Kingston with a view of obtaining possession of the site, and also financial assistance for the construction of a public wharf in front of the City Buildings.

7. That the extension of the water and gas mains to Portsmouth is a matter for the Public Utilities to deal with.

8. That it is not advisable to re-macadamize Montreal St. from the City limits to James St. at the present time because it is not properly drained. To drain this street it would be necessary if done on the initiative of Council to advertise it for one month, and if upon the recommendation of the Board of Health, it would be necessary to obtain the consent of the Provincial Board of Health which is not likely as the sewer would enter into a marsh.

The same conditions apply to Rideau St. from Montreal to Charles St.

Regarding Princess St. from Barrie to Alfred St., in anticipation of this street being paved in the near future it is considered inadvisable to spend the amount of money necessary to re-macadamize it, but that the necessary repairs be done.

Respectfully submitted,

(Signed) J. W. LITTON, Chairman,
N. E. O'CONNOR,
R. D. SUTHERLAND,
to allow the report to be brought up for discussion
D. COUPER,

Moved by Ald. Litton, seconded by Ald. Couper (5), that the report of the Board of Works be received and adopted.

Moved in amendment by Ald. Graham, seconded by Ald. Gillespie (6), that the last part of Clause eight be struck out and that the following be added: "That Princess Street, from Barrie Street to Alfred Street, be re-macadamized at once."—Carried.

Moved in amendment by Ald. Nickle, seconded by Ald. Harrison (7), that Sub-Clause (d) of Clause 5 be sent back for a detailed report and be presented at the next meeting of Council, and that the Chairman of the Board of Works and the Engineer be given authority to engage engineering assistance if they desire same.—Carried.

The original motion was then carried as amended.

City Property.

Ald. Harrison presented Report No. 55 from the Committee on City Property as follows:—

October 7th, 1914.

To the Mayor and Members of the City Council.

Gentlemen,—The Committee on City Property and Markets begs leave to report and recommend as follows:—

1. That Ontario Hall be placed at the disposal of the Red Cross Society to be used in connection with their work during the war.

2. That this Committee under authority of City Council let the following tenders:—

Respectfully submitted,

(Signed) T. F. HARRISON, Chairman
GEO. H. GILLESPIE,
J. S. R. McCANN,
W. J. B. WHITE,
JAMES G. BEWS,

Moved by Ald. Harrison, seconded by Ald. Richardson (8), that the report of the Committee on City Property be received and taken up clause by clause.—Carried.

Ald Sutherland presented By-law No. 42, 1914. The By-law was read a first time, and, the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. Kent in the chair, and was signed and sealed as follows:—

BY-LAW NO. 42, 1914.

A By-law to authorize the construction of sewers in the streets and parts of streets in the City of Kingston set out in schedule hereto annexed as Local Improvements, under the provisions of the Local Improvement Act.

Passed Oct. 13th, 1914.

WHEREAS the Local Board of Health of this Municipality has recommended the construction of sewers in the streets and parts of streets set out in the schedule hereto annexed, and it is, therefore,

necessary and desirable in the public interest, on sanitary grounds, to construct such sewers according to such recommendation as Local Improvements;

AND WHEREAS the Provincial Board of Health has approved of the construction of said sewers;

AND WHEREAS the notice of the intention of the Council to undertake the construction of said sewers has been duly published;

WHEREFORE, the Municipal Council of the Corporation of the City of Kingston enacts as follows:—

1. (a) That it is determined and declared, this By-law being passed by a vote of two-thirds of all the members of the Council, that it is desirable that the construction of said sewers as set out in the schedule hereto annexed, should be undertaken as Local Improvements under the provisions of the Local Improvement Act.

(b) That, as above determined and declared, sewers be constructed on the streets and parts of streets set out in the schedule hereto annexed as Local Improvements under the provisions of the Local Improvement Act.

2. The Engineer of the Corporation do forthwith make such plans, profiles and specifications and furnish such information as may be necessary for the making of a contract for the execution of the work.

3. The work shall be carried on and executed under the superintendence and according to the directions and orders of such Engineer.

4. The Mayor and Clerk are authorized to cause a contract for the construction of the work to be made and entered into with some person or persons, firm or corporation, subject to the approval of this Council to be declared by resolution.

5. The Treasurer may (subject to the approval of the Council) agree with any bank or person for the temporary advances of money to meet the cost of the work pending the completion of it.

6. The special assessment shall be paid by twenty (20) annual instalments (which is within the lifetime of the work).

7. The debentures to be issued for the loan to be effected to pay for the cost of the work when completed shall bear interest at five per cent. per annum and be made payable within twenty (20) years on the sinking fund plan, and, in settling the sum to be raised annually to pay the debt, the rate of interest on investments shall not be estimated at more than four per cent. per annum.

8. Any person whose lot is specially assessed may commute for a payment in cash the special rates imposed thereon by paying the portion of the cost of construction assessed upon such lot, without

the interest, forthwith after the Special Assessment Roll has been certified by the Clerk and at any time thereafter by the payment of such sums as, when invested at four per cent. per annum, will provide an annuity sufficient to pay the special rates for the unexpired portion of the term as they fall due.

This By-law shall come in force and take effect on its passing.

(Signed),

W. W. SANDS, City Clerk.

A. SHAW, Mayor [L.S.]

The Mayor submitted the following letter:—

Kingston, November 9th, 1914.

To the Members of the City Council:

Gentlemen:—Thanks to the favorable climatic conditions this autumn it has been possible to provide work on the streets and in the Works Department for many who otherwise would have been idle, but I believe I discharge my duty when I draw your attention to the fact that the near approach of winter makes it necessary for us to direct our attention and that of the citizens at large to the conditions that must soon prevail.

As you are aware, Kingston did not feel the full impulse of industrial prosperity that prevailed throughout Canada to the same extent as other places, and we are therefore in a better way than most cities to withstand the strain of the present industrial depression due to world-wide conditions arising through the war. It is not, however, to be forgotten that we have always the poor with us, and while this winter provision must be made for those who will be—as they have been—a charge upon us, we must anticipate greater demands from many who have suddenly, and without any fault on their part, found themselves unable to earn what was necessary for the support of themselves and their families.

Kingston is proverbially generous, her benevolent and charitable institutions are numerous and adequately maintained, and the prompt response recently given to the request for contributions to the Patriotic Fund for the maintenance and assistance of the wives and dependents of the men who have gone to the front convinces me that the unusual burdens that must be borne this winter will be easily carried.

The duty of citizenship requires that those who have shall now give for the help of their less fortunate fellow-citizens. A committee of the citizens composed of representatives of the City Council, the Board of Trade, the Trades and Labor Council and benevolent and charitable organizations of the ctiy has now under advisement a method to be adopted for the distribution of benevolence during the coming winter, and that this may be adequately done it is necessary that a substantial amount—say $10,000.00—should be raised and be at the disposal of those in charge.

In bringing this matter to your attention, I feel sure that I will have your hearty co-operation and assistance in devising ways and means to secure the necessary funds to carry on in Kingston the charitable and benevolent work of the coming winter.

A. SHAW,
Mayor.

Moved by Ald. Nickle, seconded by Ald. Litton, that as the needs of our city for the coming winter are likely to be much larger than during the past years, we pledge our hearty co-operation and assistance in securing the necessary funds for the charitable and benevolent work thereof, and recommend that the aldermen take charge of the work of collecting the necessary funds in their several wards, and that they have power to add to their number by calling upon any of our citizens to assist them, and that the amount be placed at the disposal of the Kingston Relief Committee.

Moved by Ald. Gillespie, seconded by Ald. O'Connor (3) that the resoltuion relative to the relief of the poor of the city be referred to the Finance Committee.—Carried.

Moved by Ald. Graham, seconded by Ald. Clugston (4) that the request of Mrs. McKnight be referred to Finance Committee for a report at next meeting of Council.—Carried.

REPORTS.

Finance and Accounts.

Ald. Harrison presented Report No. 58 from the Committee on Finance and Accounts as follows:—

Board of Works.

Ald. Litton presented Report No. 59 from the Board of Works as follows:—

Committee Room, Kingston, Nov. 3rd, 1914.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Board of Works begs leave to report and recommend as follows:

1. In response to resolution of Council, No. 5, Minutes of Council, October 7th, 1914:—

That on July 6th, 1914, Clause 11, Report No. 43 from the Board of Works, which was adopted by Council, authorized a contract to be made between Foley and Gleeson, Ottawa, and the Corporation of the City of Kingston, to construct a pavement in Princess Street between Barrie and Clergy, the last paragraph in this Clause reading as follows:—"That the City Solicitor be instructed to prepare the necessary By-law for the above, also contract, and request the Contractor to execute same and proceed with the work."

That on July 7th, the Acting City Clerk forwarded to the City Solicitor the following letter, enclosing a copy of Clause 11 in the Report of the Board of Works authorizing the Contract to be made:—

July 7th, 1914.

D. A. Givens, Esq.,
City Solicitor, City.

Dear Sir,—The following is a copy of Clause 11 in the report of the Board of Works which was adopted by Council at a meeting held July 6th, 1914.

Yours truly,
(Signed) A. H. MUIR,
Acting City Clerk.

(Encl. Clause 11)

That on July 7th the Acting City Clerk forwarded the following letter to the Contractors:—

July 7th, 1914.

Messrs. Foley & Gleeson, Contractors,
Ottawa, Ont.

Dear Sirs,—I beg to advise that your tender for paving Princess Street between Clergy and Barrie Streets was accepted by Council at a meeting held July 6th, 1914.

Yours truly,
(Signed) A. H. MUIR,
Acting City Clerk.

That the Chairman of the Board of Works in an earnest desire to obtain a better and more permanent quality of work for the City, entered into negotiations with the Street Railway with a view of obtaining a heavier rail. These negotiations were carried on for a considerable length of time, and it was his wish that the former contract be not executed while he was carrying on these negotiations, as he was of the opinion that he could succeed in having a heavier rail laid, and the city's interests better served.

That Foley & Gleeson during the interval gave the Board the assurance that they were willing to sign the contract and complete the work.

That on August 26th the following motion was passed by the City Council:—

"That the resolution of July 6th, awarding Foley and Gleeson the contract for paving the block on Princess Street between Clergy and Barrie be rescinded."

That on August 29th Foley and Gleeson, Contractors, wrote the City Clerk asking to have their deposit cheque returned to him.

The following letter from the City Engineer was submitted to the Board:—

November 9th, 1914.

Chairman and Members of the Board of Works.

Gentlemen,—

In compliance with Ald. Nickle's resolution which passed Council Oct. 7th, I beg herewith to submit my report. At the meeting of the Board of Works held on April 21st, it was decided to recommend to Council that authority be given this Committee to call for tenders for a permanent pavement on Princess Street between Clergy St. and Alfred St., and that the same method of tendering be adopted as was used in the case of Princess and King Sts., from Clergy St. to Brock St., and was adopted by Council on April 24th. On April 29th, I inserted an "Ad" in the papers asking for tenders on the above work, tenders to be in by 3 o'clock, Friday, May 8th, 1914.

On May 8th your Committee recommended to Council the acceptance of Messrs. Foley & Gleeson's tender, but said recommendation was withdrawn at the meeting of Council held May 11th, on motion of Ald. Litton and Ald. Couper.

Again on May 13th your Committee recommended that the tender of Foley and Gleeson to construct an asphaltic concrete pavement in Princess St., from Clergy St. to Alfred St., for the sum of $34,819.00 be accepted. At a special meeting of Council held May 14th, the following resolution was passed, on motion of Ald. Harrison, seconded by Ald. Nickle, that inasmuch as there is not sufficient information to hand to warrant the immediate expenditure of such a large sum of money as recommended by the Board of Works for paving Upper Princess St., the report of the Board of Works be referred back for further consideration.

On June 19th your Committee recommended to Council the acceptance of Foley & Gleeson's tender for paving of Princess St., from Clergy St. to Barrie St., and was adopted by Council July 6th.

On or about the 14th or 15th of July I received a letter from the City Solicitor asking for plans and specifications so that he could prepare contract for said paving contract. I informed the City Solicitor that the Chairman was endeavoring to arrange with the Kingston, Portsmouth & Cataraqui Electric Railway Co. to lay a heavier rail in this block, one similar to that laid on the lower portion of Princess St. and King St. and if he was successful in securing the heavier rails it would make some change in the plans and specifications, and I did not give the City Solicitor the specifications, awaiting reply from the Kingston, Portsmouth and Cataraqui Electric Railway Co. During this time Mr. Davis, of Foley & Gleeson, and myself went up to examine said block and met Mr. Nickle at the corner of Princess and Clergy St. and discussed the manner in which the work in connection with the paving would be carried out, so as to be satisfactory to all concerned. During our conversation then the question of heavier rails came up and Mr. Davis asked what would be the difference as to the cost between the rails then in, and the heavier ons, and the amount was given roughly. He offred to pay for the new rails and the Railway Co. could pay them so much per year without interest. As Mr. Davis had to leave on the afternoon train, he asked Mr. Nickle to let him have the figures when he returned to the City. I do not remember the date, a short time after this Mr. Nickle came into my office and informed the Chairman "nothing doing."

At a special meeting of Council held Aug. 26th, 1914, the following resolution was passed:—Moved by Ald. Graham, seconded by Ald. McCann, that the resolution of July 6th, awarding Foley & Gleeson the contract for paving the block on Princess St., between Clergy and Barrie St., be rescinded.

On Sept. 3rd resoultion of Council awarding the contract for the paving of said block to the Kingston Construction Co. passed and contract entered into between the Kingston Construction Co. and he Corporation of the City of Kingston, on Sept. 15th.

The Conractors commenced work on the 16th. I beg to draw your attention to the fact that Utilities renewed their gas mains in this block and commenced work on July 6th and completed it on Aug. 5th.

This work prevented Messrs. Foley & Gleeson going ahead with the paving on this block while their plant was in operation

here, and on this account moved it up to Belleville where they had another contract. It was their intention to bring it back and pave the block in question when they had completed their work in Belleville.

Yours truly,
(Signed) R. J. McCLELLAND,
City Engineer.

That the above are the reasons given why the contract was not executed.

2. Ald. Kent presented Report No. 58 from the Committee on Finance and Accounts as follows:—

Kingston November 13th, 1914.

To the Mayor and Council of the City of Kingston:

Gentlemen:—The Committee on Finance and Accounts begs leave to report and recommend as follows:

1. Regarding Resolution No. 11, Nov. 9th, referred by Council to this committee. That the aldermen of the City Council organize and canvass for funds and turn the same over the Kingston Relief

Committee, the method of organizing and canvassing to be as follows:—

The three aldermen for each ward shall be a committee for that ward, who will meet on the same day, appoint chairman and add citizens to the committee, make a programme for canvassing, and all canvass on the same days, and all turn over the proceeds to the Kingston Relief Association on the same day.

2. That the Chairman of the Board of Works authorizes this Committee to say that the Board will, during the present circumstances, owing to the war conditions, raise the price of breaking stone from four to six dollars per toise, and will afford to seventy-five men, also that if the breakwater on King strete is constructed it will afford employment for seventy-five men, making employment for one hundred and fifty men from these two sources.

3. That the City Council provide a Christmas dinner for the soldiers in the city, the Committee on Finance to provide the funds.

Respectfully submitted,

MOTIONS.

Moved by Ald. Richardson, seconded by Ald. O'Connor (7):

That it is expedient that the following described lands and premises in the Township of Kingston adjacent to the City of Kingston be annexed to the said City and the necessary proceedings be taken to annex said lands, viz.:

All and singular that certain parcel or tract of land and premises situate lying and being in the concession west of the Great Cataraqui River in the Township of Kingston in the County of Frontenac and Province of Ontario, and being part of Farm Lot Five (5) in the said concession: Which parcel may be more particularly described as follows, that is to say:

Commencing at the north-easterly corner of a tract of land conveyed by one James Druce to the Corporation of the City of Kingston by deed dated June 23rd, 1913.

Thence north-westerly along the north-easterly limit of the last above mentioned tract five hundred and twenty feet more or less to the most northerly corner thereof:

Thence southerly along the westerly limit of the last above mentioned tract two hundred and fifty-six feet, more or less to an intersection with a line running northerly parallel to and two hundred feet easterly from a fence along the westerly limit of the tract conveyed by Mrs. A. E. Hodgson to James Druce, by deed dated the 5th day of March, 1914; thence north 6° 01′ west along the last above described intersecting line three hundred and eighteen feet more or less to a point such that the area hereby conveyed shall be three and one-half acres no more and no less:

Thence north 83° 59′ east at right angles to the last above described course six hundred and seventy-nine feet more or less to the westerly limit of an allowance for a road near the easterly limit of the above mentioned tract conveyed by Mrs. A. E. Hodgson to James Druce:

Thence southerly two hundred and twenty-eight feet more or less to an intersection with a line running north 2° 30′ east from the point of commencement:

Thence south 2° 30′, west seventy-four feet, more or less to the point of commencement.

The above described tract hereby intended to be conveyed comprising parts of subdivision lots thirty-four (34), thirty-five (35), forty-three (43) and forty-one (42) shown on a plan of subdivision made for John McLean by George Bruce, P.D.S. and filed in the Registry Office for the County of Frontenac on the 22nd day of March, 1847.

Together with a right of way thirty feet wide on which to construct and use a railroad siding from the Kingston & Pembroke and Grand Trunk Railway tracks over the field adjoining on the west the land above described.—Carried.

Moved by Ald. Litton, seconded by Ald. Couper (8) that the City Engineer be authorized to proceed with the work on Victoria St. sewer from Union St. northerly to north limit of Lot 3, after plan of said sewer has been approved by the Provincial Board of Health, Toronto, Ont., and duly advertised, and that this Council will pass the Construction By-law at its next meeting.—Carried.

Moved by Ald. McCann, seconded by Ald. O'Connor (9) that as the Patriotic Committee appointed by this Council arranged

for contributions to the Canadian Patriotic Fund of $50,000 and such Committee decided that any amount in excess thereof should be used for the general relief of the City;

Be it resolved that this Council concur therein and direct that, as the amount voted by Council $5,000 has not yet been paid to the fund, that any amount of such over the $50,000 contributed be handed over by the treasurer to the Kingston Relief Association out of the $5,000.—Carried.

Board of Works.

Ald. Litton presented report No. 64 (a) from the Board of Works as follows:—

Committee Room, Kingston, December 1st, 1914.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Board of Works begs leave to report and recommend as follows:

1. Re resolution No. 8, Minutes of Council Oct. 26th, 1914. That the Board of Works and the Public Utilities Commission

are in consultation regarding the placing of all excavations necessary for both departments, under the Board of Works and the City Engineer, and if this work is put under the control of the Board of Works it will have a large bearing on the questions submitted, therefore this Board is of the opinion that it is inadvisable to submit a report on the re-organization of said Department until this question is decided.

2. That on the advice of the City Solicitor that the Council has not any authority to spend money on constructing a road to the premises of the Reliance Moulding Company, their request be not granted.

3. Re amendment to Clause one (4a), Report of the Board of Works No. 60, Minutes of Council, Nov. 23rd, 1914, that no action be taken, as this Board has considered a petition from the industries interested on Ontario St., and are recommending that a By-law be submitted to the electors in January.

4. That the claim of Sergt. Fowler for damages to house, amounting to $12.00 be not paid.

5. That the petition of J. F. McMillan for the Kingston Shipbuilding Co. and others re steam railway track in Ontario Street be granted, asking the City Council—

(1) To grant the right of way along Ontario Street for the said purpose.

(2) To make the necessary cut across the foot of William Street to allow the passage of the said railway track up to the level of Ontario Street in accordance with the said plan.

(3) To erect the necessary retaining wall indicated upon the said plan.

(4) To prepare Ontario Street for the laying of the said railway track from William Street to West Street, by doing such work as may be necessary including any work upon sewers and water, gas or other under ground services.

(5) To take such steps as may be necessary to procure the assent of the ratepayers of the municipality for the said undertaking.

That the City Solicitor be instructed to prepare a By-law to be submitted to the ratepayers at the January elections for the purpose of raising a sum of money sufficient to pay the cost of the same, by the issue and sale of debentures, petitioners to bear the expense of submitting said By-law.

Respectfully submitted,

(Signed) J. W. LITTON,
J. M. HUGHES,
D. COUPER,
R. D. SUTHERLAND.

Moved by Ald. Litton, seconded by Ald. Couper, (11) that report No. 64 (a) re received and adopted, Clause 4 being withdrawn.—Carried.

Ald. Litton presented report No. 64 (b) from the Board of Works as follows:—

Committee Room, Kingston, Dec. 7th, 1914.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Board of Works begs leave to report and recommend as follows:

1. That the application of the Gananoque Electric Light and Water Supply Co., Ltd., for permission to bring power into the city from Kingston Mills, for the purpose of operating the Flouring Mill of the Kingston Milling Company at the foot of Brock street, and also for operating the Flouring Mill at the foot of Gore street, be granted, and that a By-law be submitted to the electors of the City of Kingston at the January Elections in accordance with this request.

2. That the cheque which was deposited by the Kingston Construction Co. in lieu of a guarantee bond for the completion of the work in connection with the paving of that portion of Princess street, between Barre and Clergy streets, be returned to them, retaining 5 per cent. of the monies due said Company for construction as a guarantee for the completion of the work in the spring.

3. That a breakwater be constructed in King street west in accordance with the plans and specifications prepared by the City Engineer, the work to be done under the supervision of the City Engineer, all stone used in connection therewith to be broken by hand and all concrete mixed by hand, and that the City Solicitor be instructed to prepare a By-law to be submitted to the electors at the time of the Municipal Election for the purpose of raising the sum of $25,000 by the issue and sale of debentures to pay the cost of the same.

Respectfully submitted,

(Signed) W. J. FAIR,

Objecting to Clause 3.

D. COUPER,

JOHN W. LITTON,

J. W. HUGHES,

R. D. SUTHERLAND,

N. E. O'CONNOR,

Moved by Ald. Litton, seconded by Ald. Couper, (12) that report No. 64 (b) from the Board of Works be received and adopted after being read clause by clause.

Moved by Ald. Newman, seconded by Ald. Nickle, (13) in amendment that Clause 3 of report No. 64 (b) from the Board of Works be struck out, and that the following be substituted:—

"That the Board of Works bring a tabulated statement of the tenders to Council, and that they recommend acceptance of one of the tenders at a Special meeting Wednesday night."

Moved by Ald. Graham, seconded by Ald. Newman, in amendment to the amendment (14) that all the words in Clause 3 of report No. 64 (b) before the word "and" in the 6th line, be struck out and the following be substituted:—"That tender No. 3 be accepted, the work to be done under the supervision of the City Engineer, city labor only to be used."

Amendment No. 13 was withdrawn and amendment No. 14 was lost on the following division:—

Yeas,—Mayor Shaw, Ald. Bews, Clugston, Graham, Hoag, McCann, Newman (7).

Nays,—Ald. Couper, Fair, Hughes, Litton, Nickle, O'Connor, Sutherland, White (8).

Moved by Ald. Litton, seconded by Ald. Sutherland, (15) in amendment to Clause 3, that Mr. Jackson be engaged at a reasonable plice to supervise the work under the City Engineer providing the City can agree on terms. This motion was withdrawn.

Clause 3, Report No. 64 (b) was lost on the following division:

Yeas,—Ald. Couper, Hughes, Litton, O'Connor, Sutherland, White (6).

Nays,—Mayor Shaw, Ald. Bews, Clugston, Fair, Graham, Hoag, McCann, Newman, Nickle (9).

The report was then adopted as amended.

Fire and Light.

Ald. Sutherland presented report No. 65 from the Committee on Fire and Light as follows:—

Committee Room, Kingston, Dec. 3rd, 1914.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Committee on Fire and Light begs leave to report and recommend as follows:

1. That in regard to Clause 3, Report No. 61, Minutes of Council, Nov. 23rd, 1914, referred back for further information, that the course in connection with the St. John's Ambulance

Assn. consists of six lectures of two hours each, at a cost of one dollar per man for fifteen men for the six lectures.

2. That sixteen pair of gloves for the protection of Firemen in handling electric wires, be purchased, at a cost of $5.50 each, Finance Committee to provide the funds.

BY-LAW No. 47, 1914.

A By-law to ratify and confirm an agreement with the Bell Telephone Company of Canada, Limited.

Passed Dec. 9th, 1914.

BE IT ENACTED by the Council of the Corporation of the City of Kingston as follows:—

1. The Agreement hereto annexed and forming the schedule to this By-law is hereby ratified and confirmed.

2. This By-law shall come in force and take effcet on its being approved by the Lieutenant-Governor-in-Council.

(Signed)

W. W. SANDS, City Clerk. A. SHAW, Mayor [L.S.]

SCHEDULE TO BY-LAW NO. 47, 1914.

THIS AGREEMENT made in duplicate this 9th day of December, nineteen hundred and fourteen.

BETWEENS

The Corporation of the City of Kingston, hereinafter called the Corporation,

of the First Part,

and

The Bell Telephone Company of Canada, Limited, hereinafter called the Company,

of the Second Part.

WHEREAS the Corporation is now operating a mechanical fire alarm system and has requested the Company's permission to make use for such purpose of the poles of the Company.

AND WHEREAS it is advisable in the interests of the public and of the Corporation to avoid so far as possible duplication of poles.

AND WHEREAS it is provided by Section 399, sub-section 50, of the Municipal Act, being R.S.O. (19)4) Chapter 192, that, subject to the Municipal Franchises Act, being R.S.O. (1914) chapter 197, by-laws may be passed by the Councils of cities, towns- villages or townships for regulating the erection and maintenance of electric light, power, telegraph and telephone poles and wires, and poles and wires for the transmission of electricity upon the highways or elsewhere within the municipality.

NOW THEREFORE THESE PRESENTS WITNESS that in consideration of the premises and of the covenants contained the parties hereto for themselves, their successors and assigns do mutually covenant and agree as follows:—

1. Subject to the conditions and provisions of this agreement the Company hereby grants the Corporation permission to attach and to continue during the term of this agreement for the purpose of the Corporation's said mechanical fire alarm system the necessary attachments on the Company's poles within the corporate limits of the City of Kingston.

2. In the event of the Corporation desiring hereinafter during the term hereof to extend within said corporate limits of the Corporation such fire alarm system it shall on making to the Company written application containing the necessary particulars and other information, and of obtaining the written consent of the Company which shall not be arbitrarily or unreasonably withheld, be entitled to use for such purpose but only subject to the conditions and provisions and during the term hereof any other poles of the Company then erected and specified in such application which said application and consent shall be deemed to form a part hereof, or if such extension should require the erection of further or other poles the Company shall upon the written request of the Corporation erect, if it may legally do so, such further or other poles as may be necessary for such extension, and the Corporation shall thereupon be entitled to use such poles subject to the conditions and provisions and during the term hereof.

3. In erecting and moving the poles to which the attachments of the said Fire Alarm System are attached, the Company will not cut down or trim any trees without first obtaining the consent of the owner thereof.

4. The Corporation shall affix, maintain and operate its attachments in good and proper condition to the satisfaction of the Company from time to time and in such manner as not to interfere

with the system and service of the Company as now or hereafter established, and the Corporation shall be solely responsible for such attachments and for any damage to person or property arising from its occupation of any of the Company's poles or from the permission hereby granted, and the Corporation agrees to indemnify and save harmless the Company accordingly.

5. It is understood that the right to place said attachments upon the Company's poles shall not give the Corporation or any of its officers, workmen or servants the right of access to any of the Company's poles, except under written permit from the Company first had and obtained, but in case of trouble affecting the wires of the Corporation the Company shall upon the request of the Corporation cause the necessary repairs to be made as speedily as possible, and for the labor and material used in connection therewith the Corporation shall pay the Company at the latter's then usual rate for such service and material.

6. The exercise of any of the rights or the fulfillment of any of the obligations hereunder shall not be deemed to give the Corporation any right of ownership in or control over the Company's poles except in so far as such control is given by law and the Corporation shall have no claim against the Company for any loss or damage to the said Fire Alarm System caused by the Company changing the location of or entirely removing all or any of its poles to which the attachments of the said Fire Alarm System are attached, provided, however, that in the event of the Company intending voluntarily to remove all or any of its poles then in use or occupation for the said Fire Alarm System the Corporation shall up to the time of such removal have the right of purchasing said poles so intended to be removed at the current price of poles of the same age, size, character and material on the ground there, but before all or any of said poles shall be removed the Company shall give to the Corporation 30 days' notice of its intention to remove said poles.

7. In case of repairs, renewals, changes in location or discontinuance of the use of any of said poles or in case of the termination of this agreement each party shall at its own expense forthwith remove or make the necessary alterations in its attachments and in the event of the Corporation's failure so to do the Company may do so on behalf of and at the expense of the Corporation.

8. The Corporation agrees that in the exercise of the present permission it will in all respects conform to any law, ordinance or order of any competent Municipal, Provincial or Dominion authority in force or which may hereafter be enacted and that all wires shall be erected and attachments made and the same maintained, removed or altered in accordance with the provisions of

any such law, ordinance or order and that in the event of the wires and attachments of the Fire Alarm System having to be erected on electric light or other poles that they shall be affixed and maintained to the satisfaction of the Company.

9. The permission hereby given shall be exercisable only by the Corporation and for the purpose herein mentioned, and shall not be assigned, transferred or subject, nor shall it be extended to or used for the purpose or benefit of any other person, firm or corporation either directly or indirectly.

10. In the event of the breach or non-performance of any of the covenants or provisions herein contained, the party not in default may on giving the other party at least thirty (30) days' notice in writing terminate this agreement at the expiration of the said period of notice unless the other party shall in the meantime have fulfilled or caused to be fulfilled its obligations hereunder or unless fulfillment thereof shall have been expressly waived in writing by the party not in default. No waiver of any specified condition or breach of condition shall operate to waive any other breach of the said condition or any other matter or thing herein contained.

11. Subject to the provisions of this agreement it shall continue until terminated by at least ninety days' (90) notice in writing from either party to the other.

12. Any notice to be given under this agreement shall be in writing and may be given either by delivering it personally to, or by registered letter, postage prepaid, addressed to the chief officer, secretary or other chief official of the party to be notified.

13. Each of the parties hereto for itself, its successors and assigns convenants and agrees with the other, its successors and assigns, faithfully to fulfil the terms hereof according to the true intent and meaning of these presents.

BY-LAW No. 48, 1914.

A By-law to authorize the construction of sewers in the streets and parts of streets in the City of Kingston set out in the schedule hereto annexed as Local Improvements under the provisions of The Local Improvement Act.

Passed Dec. 9th, 1914.

WHEREAS it is expedient that the construction of the works set out in the Schedule hereto annexed shall be undertaken as local improvements and notice of the intention of the Council to undertake such works has been duly published.

AND WHEREAS the Provincial Board of Health has approved of the construction of each of said sewers.

Therefore the Municipal Council of the Corporation of the City of Kingston enacts as follows:—

1. (a) That it is determined and declared, this By-law being passed by a vote of two-thirds of all the members of the Council, that it is desirable that the construction of each of the said sewers on the streets and parts of streets set out in the schedule hereto annexed should be undertaken as a Local Improvement under the provisions of The Local Improvement Act.

(b) That as above determined and declared each of the said several sewers be constructed as a Local Improvement under the provision sof The Local Improvement Act.

2. The Engineer of the Corporation do forthwith make such plans, profiles and specifications, and furnish such information as may be necessary for the making of a contract for the execution of the works.

3. The work shall be carried on and executed under the superintendence and according to the directions and orders of such Engineer.

4. The Mayor and Clerk and authorized to cause a contract for the construction of the work to be made and entered into with some person or persons, firm or corporation, subject to the approval of this Council to be declared by resolution.

5. The Treasurer may (subject to the approval of the Council) agree with any bank or person for temporary advances of money to meet the cost of the work pending the completion of it.

6. The special assessment shall be paid by twenty annual instalments (which is within the lifetime of the work).

7. The debentures to be issued for the loan to be effected to pay for the cost of the work when completed shall bear interest at 5 per cent. per annum and be made payable within twenty years on the sinking fund plan, and in settling the sum to be raised annually to pay the debt, the rate of interest on investments shall not be estimated at more than four per cent. per annum.

8. Any person whose lot is specially assessed may commute for a payment in cash the special rates imposed thereon, by paying the portion of the cost of construction assessed upon such lot, without the interest, forthwith after the Special Assessment Roll has been certified by the Clerk, and at any time thereafter by the payment of such sum as when invested at four per cent. per annum will provide an annuity sufficient to pay the special rates for the unexpired portion of the term as they fall due.

This By-law shall come in force and take effect on its passing.

BL-LAW No. 49, 1914.

A By-law to ratify and confirm an agreement with the Gananoque Electric Light & Power Supply Company, Limited.

BE IT ENACTED by the Council of the Corporation of the City of Kingston as follows:—

1. The Agreement hereto annexed and formed Schedule "A" to this By-law is hereby ratified and confirmed and shall be deemed to be a part of this By-law.

This By-law shall come in force and take effect on its passing.

SCHEDULE A.

THIS AGREEMENT made in duplicate this 9th day of December, 1914, between the Corporation of the City of Kingston, hereinafter called the Corporation, of the First Part; and The Gananoque Electric Light & Water Supply Company, Limited, hereinafter called the Contractors, of the Second Part:

Witnesseth:—

WHEREAS the said Contractors have represented that they are about to develop the water power at Kingston Mills and convert the same into electric energy for use as power;

AND WHEREAS the said Contractors have applied to the Corporation for permission to erect poles and wires in and along certain streets of said city for the transmission of electric energy so developed over and along the same to certain premises in said city and for certain purposes;

AND WHEREAS it is expedient to grant permission to said Contractors but subject as herein provided:

Now this Agreement Witnesseth:

1. The Corporation hereby grants permission to the said Contractors to erect and maintain a single line of poles and to string wires upon the same for the transmission of electric energy on and along such city streets as may be approved by the Board of Works and the City Engineer.

2. The poles and wires so erected shall be erected and maintained and if necessary moved by the Contractors so as to comply at all times with the By-laws of said Corporation governing the erection and maintenance of poles and wires on the public streets and places within the said city for the transmission of electricity.

3. The said Contractors shall within two years from the execution of this agreement develop power at the said Falls and transmit electric current to the City of Kingston, and if they fail to do so all the rights conferred on them by this agreement shall be forfeited and void.

4. The electric energy so developed and transmitted shall be used and employed by the said Contractors solely in and about the milling and manufacturing business of the Kingston Milling Company, Limited, upon the premises situated on Ontario street, between Brock and Princess streets, in said city, and for operating the flouring mill at the foot of Gore street.

5. In case the Contractors, after beginning to transmit current to the City of Kingston pursuant to this agreement, shall cease or

fail for twelve months continuously to transmit electric current to the City pursuant to the terms of this agreement, or to observe and perform any of the other covenants, stipulations and conditions herein on their part contained, all the rights conferred upon the Contractors by this agreement shall be forfeited and void, and the Corporation may forthwith remove the Contractors' power transmission line from the City street at the Contractors' expense.

6. The Contractors shall be liable for all damages arising from the construction and maintenance of any power transmission line that they may be authorized to erect under this agreement, and shall indemnify and save harmless the City from all actions and claims for damages in respect of injuries arising or alleged to arise by reason of the construction and maintenance of said transmission line and the transmission of electric current over and along the same, whether such actions or claims are brought and made in respect of persons or property or existing rights upon the streets of said City.

7. It is further covenanted and agreed that neither the Contractors nor any assignee or transferee shall, in any event, carry or distribute, or permit to be carried or distributed, any light, heat or power beyond the limits of the premises referred to in said Clause 4.

8. The permission hereby granted to the Contractors shall, subject as herein provided, extend and continue for and during the period of thirty years from 1st June, 1914, and no longer; after the termination of said permission by forfeiture as herein provided or by effluxion of time or otherwise the Contractors shall forthwith remove their poles, wires and other appliances from the said streets, and in case the Contractors fail to do so upon request the Corporation may remove the same but at the expense of the Contractors.

9. The Corporation shall by its Council as soon as may be procure to be submitted to the electors of the Municipality of the City of Kingston qualified to vote on money by-laws a by-law to carry out the terms of this agreement, provided that in case the By-law on such submission shall fail to receive the assent of the said electors as required by The Municipal Act and the Municipal Franchises Act, then this agreement and said By-law shall be null and void; and provided further that in case the said By-law receives the assent of the said electors as by law required the Corporation shall by its Council pass the said By-law; and provided further that before the said By-law is advertised, as by law required, the Contractors shall deposit with the Treasurer of the Corporation the sum of Four Hundred Dollars to cover the cost of advertising and submitting the said By-law and Agreement.

IN WITNESS WHEREOF the said Corporation hath hereto affixed its seal and the signature of its Mayor, and the said Contractors have hereto set their hands and seals the day and year first above written.

Ald. Litton presented By-law No. 51, 1914. The By-law was read a first time, and the 31st rule being suspended by two-thirds vote, a second and third time, the second being in committee of the whole, Ald. McCann in the chair.

BY-LAW No. 51, 1914.

A By-law to ratify and confirm an agreement with Kingston Shipbuilding Company, Limited; Forwarders Limited; Selby and Youlden Limited, and William Joseph Hooper and Thomas Slater, doing business under the firm name of Hooper and Slater, all of the City of Kingston, manufacturers, and to authorize the issue of debentures of this Corporation to the amount of $3,500.

Passed, ..., 1914.

WHEREAS the Corporation of the City of Kingston of the First Part; and Kingston Shipbuilding Company, Limited; Forwarders Limited; Selby & Youlden, Limited; and William Joseph Hooper and Thomas Slater, doing business under the firm name of Hooper and Slater, all of the City of Kingston, manufacturers, of the Second Part, have entered into an agreement set forth in Schedule "A" hereto annexed which agreement shall be taken to form part of this By-law.

AND WHEREAS the above-mentioned firms and corporations of the Second Part are carrying on manufacturing industries within the meaning of the Municipal Act, and more especially of Sec. 278, Sub-sec. (2) thereof.

AND WHEREAS it is expedient to pass this By-law and submit the same to the electors of this Municipality to carry out the terms of said agreement and to authorize the issue of debentures of this Corporation to the amount of $3,500 for the purpose of granting aid by way of bonus for the promotion of manufacture within said Municipality, to wit, to grant permission to the said manufacturing industries above mentioned to construct a railway siding for the carriage of freight to the properties of the said manufacturing industries and to expend money on William and

Ontario street in this Municipality to prepare the said streets for the construction of said siding, all of which is more particularly set forth in said agreement in Schedule "A" hereto annexed.

AND WHEREAS the amount of the debt to be created by this By-law is $3,500.

AND WHEREAS the total amount required to be raised annually during the currency of said debt by a special rate on the rateable property liable thereto for paying the said debt and interest as hereinafter provided is $292.60.

AND WHEREAS the amount of the whole rateable property of the said Municipality according to the last revised assessment roll being for the year 1914 is $11,689,107.

AND WHEREAS the amount of the existing debenture debt of the said Municipality exclusive of the local improvement debts, secured by special rates, acts, or assessments is $1,281,308.32 and no part of the same or of the interest thereon is in arrear.

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston as follows, three-fourths of all the members of said Council being present and voting in favor of the same.

1. It shall be lawful for the Mayor of the said Municipality to raise by way of loan from any person or persons, body or bodies corporate who may be willing to advance the same upon the credit of the debentures hereinafter mentioned, a sum of money not exceeding in the whole the sum of $3,500 and to cause the same to be paid into the hands of the City Treasurer of the said City for the purpose aforesaid.

2. It shall be lawful for the said Mayor to cause any number of debentures to be made for such sums of money as may be required not less than $100 each and that said debentures shall be sealed with the seal of the said Municipality and signed by the said Mayor, and countersigned by the said Treasurer, and together shall not exceed the sum of $3,500.

3. The said debt shall be payable in twenty years from the first day of January, 1915, at the office of the City Treasurer of said City of Kingston.

4. The said debentures shall bear the same date and shall be issued within two years from the passing of this By-law and shall bear interest at the rate of five per cent. per annum from the first day of January, 1915, which interest shall be payable half-yearly on the first day of the months of January and July in each year at the office of the said Treasurer in the said City of Kingston and the said debentures shall have interest coupons attached to them, which coupons shall be signed by the said Treasurer.

5. There shall be raised annually during the currency of the debentures the sum of $175.00 for the payment of the interest thereon, and the sum of $117.60 to form a sinking fund for the payment of the said debt, the said sums making together the annual amount of $292.60 to be raised, levied and collected in each year during the period of twenty years by an annual special rate sufficient therefor to be levied on the whole rateable property in the said Municipality.

6. The agreement hereto annexed and forming Schedule "A" attached to this By-law is hereby ratified and confirmed and shall be deemed to be a part of this By-law.

7. This By-law shall come in force and take effect on its passing.

SCHEDULE "A."

ARTICLES OF ARREEMENT made and concluded this ninth day of December, 1914.

BETWEEN :—

THE CORPORATION OF THE CITY OF KINGSTON hereinafter called the "Corporation"

of the FIRST PART

and

KINGSTON SHIPBUILDING COMPANY, Limited; FORWARDERS LIMITED; SELBY and YOULDEN, Limited; and WILLIAM JOSEPH HOOPER and THOMAS SLATER, doing business under the firm name of Hooper & Slater, all of the City of Kingston, manufacturers, hereinafter called the "Contractors,"

of the SECOND PART.

WITNESSETH :—

WHEREAS the Contractors are desirous of securing the construction of a railway siding, for the carriage of freight to and from their works, from the end of the passenger track of the Grand Trunk Railway Company at the north-east corner of Ontario and William streets in the City of Kingston across William street and along Ontario street to West street.

AND WHEREAS the Corporation has accepted the proposals of the Contractors and the parties hereto have agreed to execute these Articles in order to carry out the said proposals.

NOW THIS AGREEMENT WITNESSETH that the parties hereto covenant, promise and agree each with the other of them as follows:

1. The Corporation shall, at its own cost and charge, within six months after the passing of the By-law hereinafter mentioned, supply all the materials and do all the work, including any work upon sewers and water, gas or other underground services, necessary to put the said parts of William and Ontario streets in a fit and proper condition for the construction of said siding as per the plan of said siding filed in the office of the City Engineer at a total cost of $3,500.

2. The Corporation hereby grants to the said Contractors permission to construct a railway siding for the carriage of freight to and from the end of the passenger track of the Grand Trunk Railway Company at the north-east corner of Ontario and William streets in the City of Kingston southerly across William street and along Ontario street to West street and to construct the necessary branches for the accommodation of the industries requiring accommodation for the carriage of freight.

3. From and after the construction of the said railway siding the Corporation shall have the right to use the same free of charge for the purpose of obtaining access by railway to any property or properties owned or hereafter owned by the Corporation situate opposite or near the said railway siding, and for the use of any other persons, firms or corporations who may receive permission to use the same from the Corporation and who shall pay to the Contractors a reasonable compensation for said use, such compensation to be arranged between the parties hereto, but if they cannot agree, to be fixed by the Board of Railway Commissioners, but such use is not to interfere with the reasonable use thereof by the said Contractors; and subject to this provision for compensation this right of access shall inure and be transferable to the successors and assigns of the Corporation in the ownership of any such property or properties.

4. The Corporation shall by its Council, as soon as may be, procure to be submitted to the electors of the Municipality of the city of Kingston qualified to vote on money by-laws a by-law to carry out the terms of this agreement, provided that in case the by-law on such submission shall fail to receive the assent of the said electors, as required by the Municipal Act, then this agreement and said by-law shall be null and void; and provided further that in case the said by-law receives the assent of the said electors as by law required, the Corporation shall by its Council pass the said By-law; and provided further that before the said By-law is advertised as by law required, the Contractors shall deposit with the

Treasurer of the Corporation the sum of $400 (Four Hundred Dollars) to cover the cost of advertising and submitting the said By-law and agreement.

5. The Contractors shall complete the construction of the said siding within six months after the said parts of William and Ontario streets are put in fit and proper condition for its construction according to the plan on file in the City Engineer's office; provided that the said siding shall be so constructed to the satisfaction of the City Engineer as not to interfere with the proper and reasonable use of said parts of William and Ontario streets by vehicles of any and every description; provided further that, if the said siding is not completed within the said six months, the rights and privileges herein given to the Contractors shall be forfeited and this agreement and the said By-law shall be held to be cancelled, void and of none effect, unless the consent of the Corporation is obtained to an extension of said period of six months, which consent shall be given on its being shown by the Contractors that the delay on constructing said siding has been caused by unforeseen difficulties or by something beyond their control.

6. The Contractors shall keep harmless and fully indemnify the Corporation its successors and assigns and its and their lands and tenements, goods, chattels, and effects, of, from and against all loss, costs, charges, damages and expenses which the Corporation its successors and assigns or any of them may bear, sustain, suffer, be at or be put unto for or by reason or on acount of the permission granted by the Corporation to the Contractors to construct said siding and branches or as a result of the construction continuance and maintenance of said siding, or on account or by reason of any claim or demand made upon the Corporation in respect of injuries sustained by any person or damages done to any property that may be sustained or done by reason of the permission hereby granted, or as a result of the construction continuance and maintenance of said siding.

7. The Contractors shall construct the said siding and branches under the provisions of the Railway Act, Chapter 37, of the Revised Statutes of Canada, 1906, and under and subject to the rules and regulations of the Board of Railway Commissioners of Canada.

8. In the use of the said siding and branches after the construction thereof, the shunting and hauling of freight cars shall be done during such hours as the Board of Railway Commissoiners shall fix, if the parties hereto cannot agree upon such hours.

9. The said siding shall be used for the purposes of carrying freight for industries situated along the line of said siding and is not to be used for general or public traffic.

10. The Contractors shall keep the said siding clear of snow and ice or other obstructions whenever necessary for the purpose of hauling freight.

11. The Contractors shall forthwith restore the street surface of the said parts of William and Ontario streets and all sidewalks and street crossing disturbed by them in laying their said siding and branches in a manner satisfactory to the City Engineer; and the Contractors shall also before commencing to lay down the said siding and branches deposit with the City Treasurer of the said City the sum of $500 (Five Hundred Dollars) as a guarantee that they will restore the street surfaces, sidewalks and crossings disturbed by them in laying their siding and branches in a manner satisfactory to the City Engineer; and this sum of $500 may be applied by the City Engineer to the said purpose to his, the said Engineer's satisfaction, if the Contractors fail to do so; and if the Contractors duly comply with this condition, the said sum of $500 shall be returned to them.

12. If at any time hereafter the Contractors desire to discontinue the use of said siding and branches, they shall on receiving the written consent of the Corporation but not without such consent, and at their own cost and charge, remove the rails, ties and other material used in the construction of said siding and branches; and the said parts of William and Ontario streets together with the sidewalks and crossings disturbed by the Contractors in laying their said siding and branches shall be immediately restored to their former state by the Contractors to the satisfaction of the City Engineer; and the authorization hereby granted of and for the said siding and branches shall cease and the said siding and branches shall cease to be used; provided however that the Corporation may if it so desires retain the said siding on the said parts of said streets on payment to the Contractors of a reasonable sum for the cost to them of its construction, said sum to be agreed upon by the parties hereto, but if they cannot agree to be fixed by the Board of Railway Commissioners; and the Corporation may thereafter hold the said siding for its own use and benefit.

13. The Contractors shall plank to the satisfaction of the City Engineer between the rails of said siding and eighteen inches on the outside of the rails on that part of Ontario and William Sts. on the east side of the retaining wall to be built by the Corporation across William street and along Ontario street as per the plan hereinbefore referred to on file in the City Engineer's office.

14. The Contractors shall concurrently with the execution of this agreement by the Corporation deliver to the Corporation a good and sufficient bond of a Guarantee Company satisfactory to the Corporation in a form to be approved by the Solicitor of the

Corporation in the penal sum of $3,500 conditioned for the due observance, faithful performance and full completion by the Contractors of the things herein on their part contracted by them to be done, observed and performed in connection with the construction of the said siding.

15. This agreement is made subject to the rights, if any, that the Kingston, Portsmouth & Cataraqui Electric Railway Company have under the agreements between the Corporation and the said Company, dated respectively the 22nd day of November, 1897, the 9th day of May, 1893, and the 5th day of July, 1905, except as herein otherwise expressly provided.

16. The Contractors shall also keep the said siding in repair to the satisfaction of the City Engineer, so long as they use the same in connection with their several industries.

17. This agreement and the several parts of the same shall be respectively binding upon the heirs, executors, administrators, successors and assigns of the Contractors and upon the successors and assigns of the Corporation in all respects as if expressly named herein.

IN WITNESS WHEREOF the parties hereto have executed this agreement by affixing thereto their several seals and the Mayor of the Corporation and the Contractors have hereto set their hands the day and year first above written.
